# A Message

**TO THE INHABITANTS IN THE  
LAND OCCUPIED BY COW AND**

## **WORSHIPPING FILTHS**

All praise is due to Allah the Strong, the Mighty. May peace and blessings be upon Prophet Muhammad, his family and Companions.

I bear witness that there is none worthy of worship except Allah. He is alone without any partner. And I bear witness that Prophet Muhammad ﷺ is the slave and messenger of Allah. As for what follows after:

This is a message to the cow worshipping, filthy Hindus, especially the satanic BJP and their dogs in police and military. O kuffar!! O enemies of Allah and His Prophet, and His sincere slaves, know that your transgression has crossed all limits and your hatred of Islam and its people has been shown in words and deeds. You did not come across any way or method to wage war upon the people of truth except that you adopted it and did your best in

its accomplishment. You waged war against deen of Allah and killed and imprisoned His sincere mujahidin. You enslaved and raped our women, killed our children, and used your filthy tongues to transgress against Allah Almighty, His Prophet Muhammad ﷺ, and His deen. As if these were not enough to satisfy your satanic desires, you applied curfew in Kashmir imprisoning the Muslims there. Thus, we have found you to be most immense in hatred towards the truth, as Allah Almighty says in surah Al-Maidah verse. 82: **{You will surely find the most intense of people in animosity towards the believers to be Jews and those who associate others with Allah}**

Thus, do you assume that your tyranny will last forever? Do you believe that this aggression against the believers will go unanswered? No, by Allah you are wrong in thinking that. Know that sons of Islam, all over the world and specifically in south India, have taken up their arms thereby

acting upon the command of Allah to wage war against kufr and its people, **{...until there is no fitnah and religion becomes entirely for Allah}** [Al-Baqarah: 193]. By Allah we have not forgotten Kashmir, Babri masjid, Bano Qudusia, gujrat riots, and your oppression and war against the truth [on other occasions].

We have not forgotten how your dogs in military and police arrested our brothers and sisters, imprisoned them, and martyred them. O kuffar in south India, O BJP and police and military officers, by Allah we promise you a bloody revenge in return. Your peace will turn into chaos, your security into fear, your happiness into sorrow, and by the will of Allah there will be no security or peace to any disbeliever until you worship Allah alone. By Allah we will turn your streets in pools of blood. You would not be able to even dream about peace and security. We will slaughter your males and sell your women and children as slaves in our markets. If we are not able to do it,

then our coming generations will do it, bi'idhnillah, accomplish this goal. Know that the spark (of war) has already been lit. Do you not consider our attacks in Coimbatore (Tamilnadu) and Karnataka (Bangalore), where our brothers took revenge for the honor of our religion and terrorized kufar and its followers? Thus we promise you that this is just the beginning. Much worse awaits you and by Allah these attacks will not cease to happen, until we quench our thirst with your filthy blood and establish Allah's deen and His law upon His land. **{Say to those who disbelieve, "You will be defeated and gathered together to Hell, and wretched is the resting place."}** [Aal-i-'Imran: 12]

Our second message is to mujahedin all over the world, especially to mujahedin in south India. O brothers! O muwahhidin and mujahedin! O you who have been guided to the straight path, the path of truth, the path of triumph and the path of salvation. Know that indeed it is a great bless-

ing of Allah almighty that you have been chosen for this path. Yes, he chose you to be the best of His slaves. He chose you to please Him by helping his religion with your blood and limbs thus marching upon the path of prophets. What a great honor and favor it is upon you by you Lord!! So fear Him and be stern in the matter. Do not soften and do not let laziness and attire overpower you. Remember the command of Allah in Surat Aal-i-'Imran verse.200: **{O you who have believed! Preserve and outlast (your enemy) in patience and perform ribat that you may be successful} Know O my dear brothers that this deen will not be helped except by strong hearted men. Do not be overburdened by difficulty of task for {Verily with hardship is ease}** [An-Nashrah: 5].

Be stern and harsh towards the disbelievers, for they are the enemies of your religion. They martyred and arrested our brothers and violated the honor of our sisters. So seek revenge my

brothers. Seek revenge for the honor of your Lord Allah Almighty, His Prophet Muhammad ﷺ, His religion and our brothers and sisters. And remember that they the worldly life is nothing but delusion, and Allah has created heaven for his righteous slaves in which wives with beautiful wide eyes await them. And be sure of help of Allah. **{Indeed help of Allah is near}** [Al-Baqarah: 214] So let not the disbelievers catch a breath, until there is a single drop of blood in your veins and as long as the eyes blink. Know that you are the grandsons of companions. You are a generation that knows not to be defeated, and you expect only one of two great outcomes "victory or martyrdom". So glad tidings to you O muwahid. And as our K Khalifah Abu Hassan al-Qurayshi said: "Beware of leaving a single hand span of land to kuffar except that you turn it into hell for them."

And our final message is to the believers around the world. O Muslims!! What has blinded you??

What has made you ignorant of the state Ummah is in?? What has made you ignorant of Ar-Rahman!!

Is it the love of dunya that has made you forget about the Day of Judgment?? Do you not fear Allah who is swift in punishment?? Do you not realize that due to this attitude of silence that you have adopted, the Ummah has reached this state?? Do you have no "ghayrah" left for deen of Allah. Where is al-Wala wal-Bara?? Where are grandsons of Mohammad Ibn Qasim?? Where are the zealous nights and brave soldiers? Where has our Ummah lost those who love death more than life?? By Allah it is time that you wake up from sleep of ignorance. By Allah it is time that you stop making excuses and crying over your fate while doing nothing to change it. It is the time to show Allah what he loves from you. Act upon His command and abandon dar al-kufr. Perform hijrah. Come to your lands. Do not be among those who stay behind and wrong

themselves. Remember the warning of your Lord: {Indeed, those whom the angels take [in death] while wronging themselves - [the angels] will say, "In what [condition] were you?" They will say, "We were oppressed in the land." The angels will say, "Was not the earth of Allah spacious [enough] for you to emigrate therein?" For those, their refuge is Hell - and evil it is as a destination} [An-Nissa: 97]

The Prophet (ﷺ) said: "And I command you with five that Allah commanded me: Listening and obeying, Jihad, Hijrah, and the Jama'ah. For indeed whoever parts from the Jama'ah the measure of a hand-span, then he has cast off the yoke of Islam from his neck, unless he returns." [at-Tirmidhi: 2863]

So follow the command of Allah and His prophet Muhammad ﷺ and perform hijrah. For those who cannot perform hijrah make dar al-kufr your battle ground. Put your trust in Allah, take a knife and slice the kafir's throat, poison his food, burn their houses and greenery, turn their joy to sorrow and strike terror in their hearts with Allah's help. Know that jihad is obligation upon every Muslim whether he likes it or not!!

{Fighting has been made obligatory upon you 'believers', though you dislike it. Perhaps you dislike something which is good for you and like something which is bad for you. Allah knows and you do not know} [Al-Baqarah: 216]

So fight the disbelievers nearest to you, O brothers. If you are not capable to do that then help the mujahidin financially. If you cannot even do that than review your faith, O brothers.

And our final call is all praise is due to Allah, the Lord of worlds.

From  
Abu Yasir al-Hindi

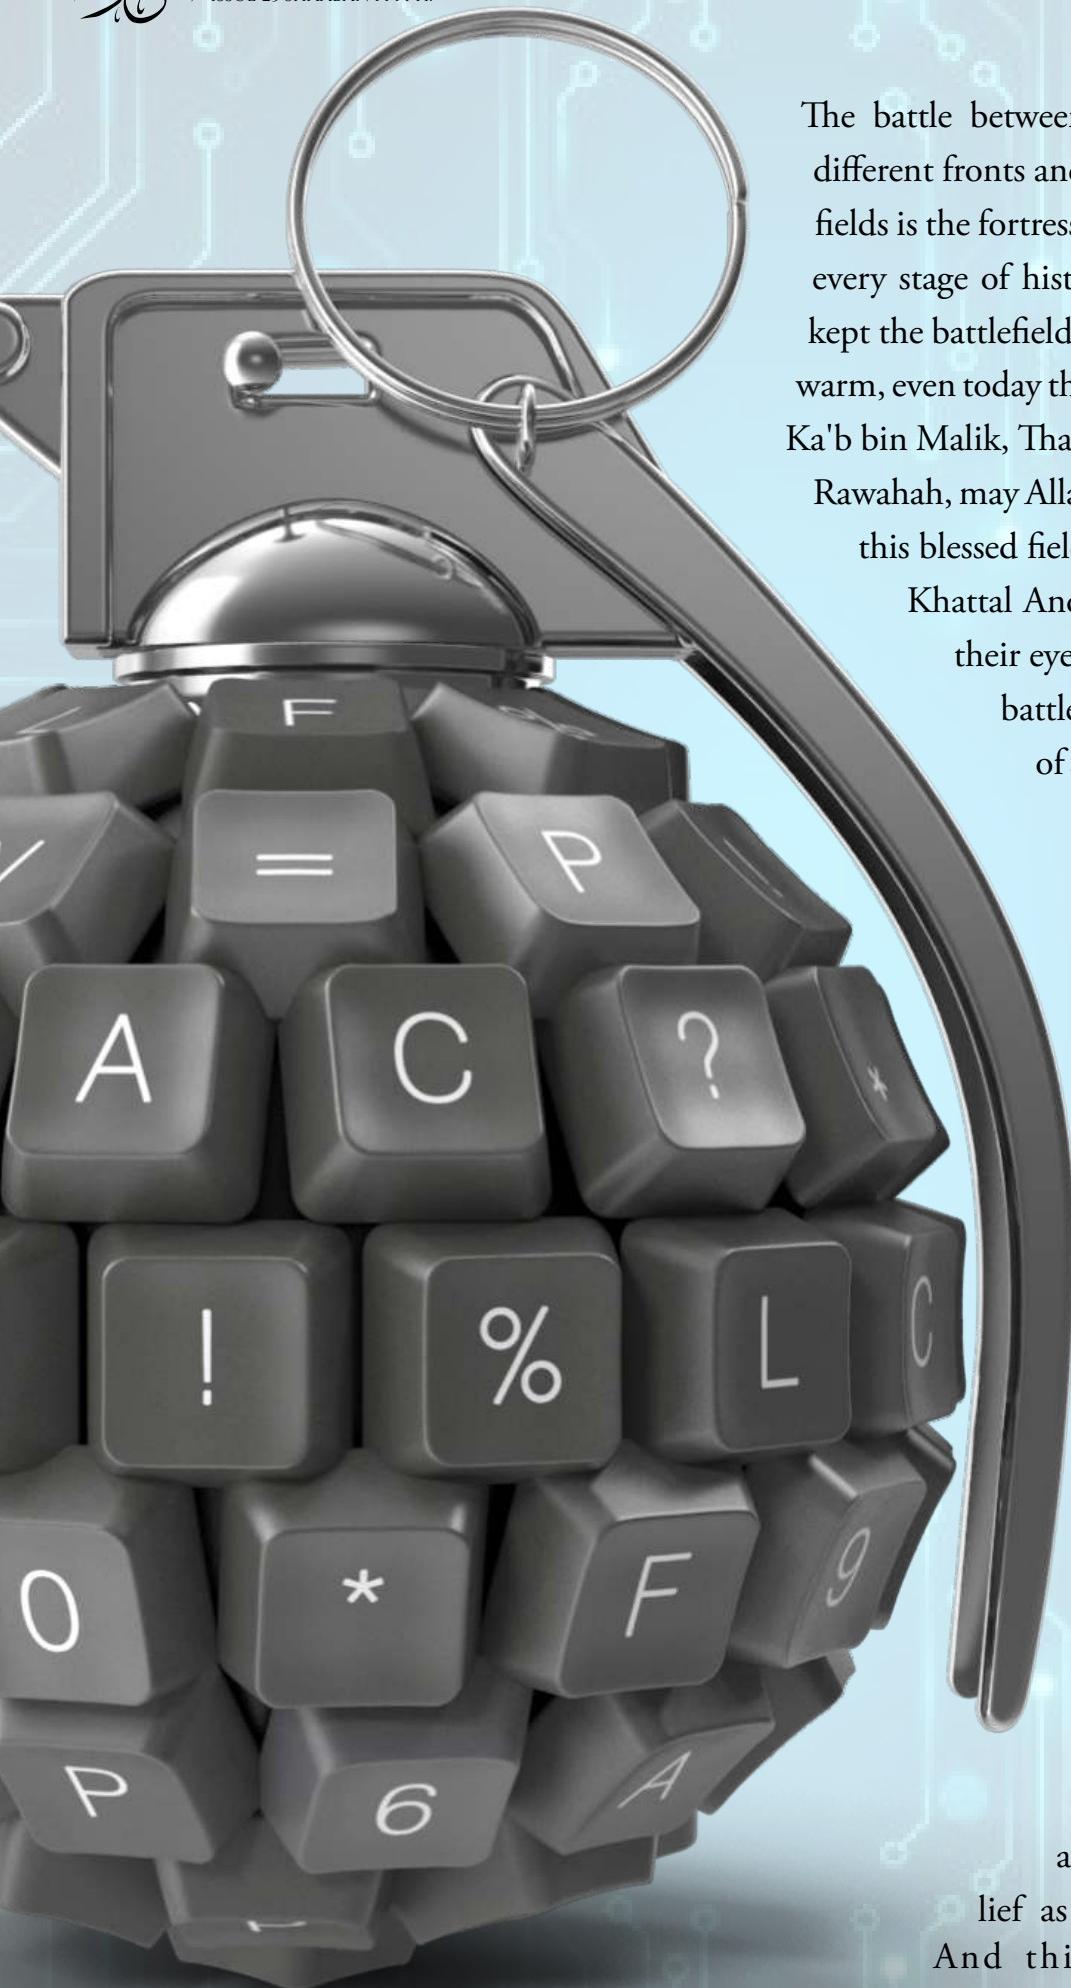

It was narrated from 'Abdullah bin Mas'ud, may Allah be pleased with him, that the Messenger of Allah, may Allah bless him and grant him peace, said: Allah the Exalted wonders at the man who fights in His path, while his companions are defeated, and he understands that there is a lot of trouble in turning back. So, he turns back to the enemies, until his blood is spilled. Then Allah the Exalted says to His angels: Look at this servant of Mine; he turned back to the enemies because he had love for the blessings that are with Me and feared My punishment, to the extent that he shed his blood. [Abu Dawud]

STRENGTHEN THE

# MEDIA WAR

The battle between kufr and Islam is going on different fronts and fields, and one of those battle-fields is the fortress of declaration, that is media; at every stage of history, the children of Islam have kept the battlefield of the declaration or media war warm, even today the children of Hassan bin Thabit, Ka'b bin Malik, Thabit bin Qays, and 'Abdullah bin Rawahah, may Allah be pleased with them, came to this blessed field in front of the children of Ibn Khattal And Ka'b bin Ashraf, for plucking their eyes off the body of disbelief in the battle rhetoric, apart from the battle of swords .

Indeed!

This intellectual warfare is becoming more complicated day by day, and the infidels have been trying to destroy the minds of the children of the Islamic Ummah with a lot of suspicions and deceptions, to pollute their mind with the kufr and heresy.

It was this intellectual and propaganda war that turned the insects called Taliban into the sincere guards of all the infidels of the world, and now they deem their disbelief as Islam and Islam as disbelief. And this is the outcome of this

propaganda warfare that the Taliban leaders and their militias are making tireless efforts day and night to find out how to impose, implement and accept the democracy the name of the Islamic system, and defame the real defenders of Islam with various accusations. As part of the propaganda warfare, kuffar maintain strict control on the media mechanisms, and numerous such media outlets are operational in Afghanistan and other lands of the Muslims for lobbying and propagandizing on behalf of the kuffar.

The prominent social media outlets (such as Facebook, Twitter, Instagram, TikTok, Telegram, etc.) are an effective tool of kuffar, and there is nothing to wonder about the fact that if statements, audios, videos, and other media releases of the Khilafah are publicly published on the social media pages and channels, they

are immediately removed, all these social media pages can bear the evil of the Taliban, and even if you release a publication exposing the Taliban's apostasy and hypocrisy with facts and authentic evidence, these media outlets do not allow you to do so. On the contrary, no matter whatever someone publishes against the Khilafah, these social media outlets have no issue, and they even promote such propaganda. So, this is the credibility and neutrality of the media outlets of kuffar who pretend to be the flag bearers of freedom of speech.

But despite such severe restrictions in the media fields, with the help of Almighty Allah, the knights of the Islamic State, in the media field, have been able to destroy the dreams of all the kuffar and their murtadd bootlickers. The enemies of the Allah thought that they

have turned an infamous jihad claiming faction, named Taliban Emirate, into fully secularists and deceived the Islamic Ummah with many tricks and maneuvers, but the media lions of Islamic State have proven them wrong by exposing their true color in front of the Ummah.

All praise is due to Allah, for the mothers of the Islamic Ummah gave birth to such unbreakable knights, who destroyed all the dreams of the infidels, exposed the kufr and nifaq of the Taliban and all others betrayers in the cloak of Islam to the people. Therefore, the Taliban militias have gone mad now, as they are wondering how to thwart the media lions of the Khilafah. In the recent time, the heroes of the media field have denounced and rejected all the kufri actions of the Taliban murtaddin. After watching and reading the media materials of the Islamic State, one can clearly witness the wavering in the ranks of the Taliban and other murtadd factions. Many people, who used to fall to victim of their false propaganda war, are not being fooled anymore. Therefore, no matter how much the murtadd factions like Taliban

pretend to be Muslims and no matter how much efforts they make for the implementation of democracy in the name of Islam, people now know very well who they are and whom do they work for.

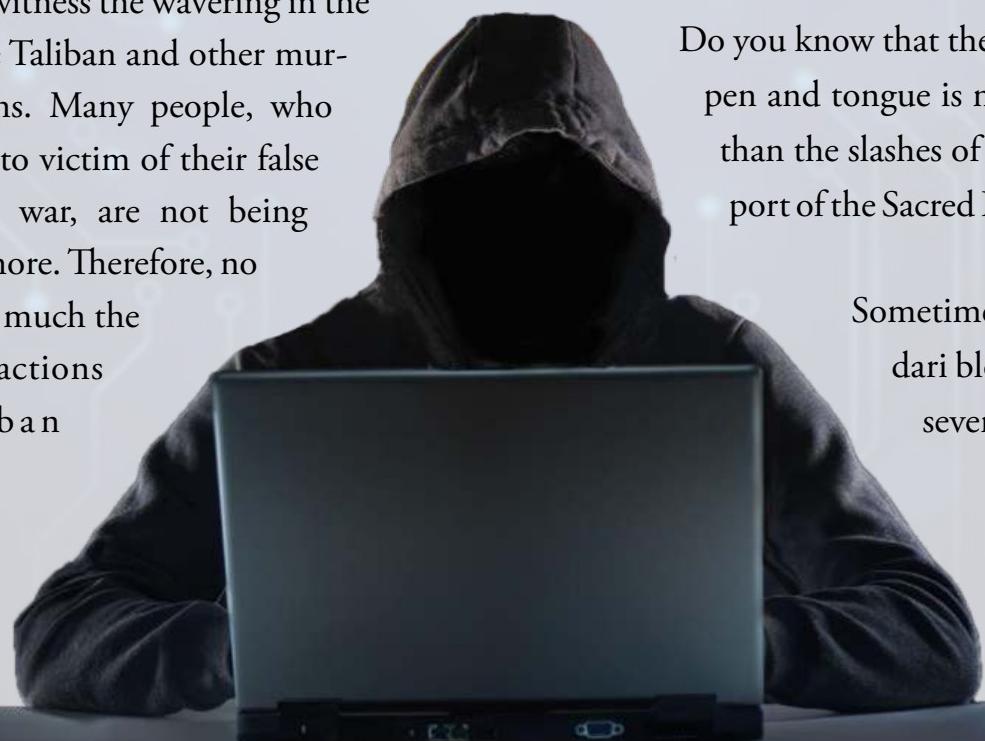

### O the media warriors of the Khilafah! Strengthen your Media War.

Our enemy is standing on the edge of death and destruction, and they have nothing left to justify their kufri actions, as they have barely left a stone unturned, and we congratulate you on your tireless efforts, with the help of Almighty Allah, for foiling every propaganda and machination of the followers of Shaytan.

### So, the media knights! Are you aware of the value of your Media Jihad?

Do you know that the work of your pen and tongue is not less deadly than the slashes of sword in support of the Sacred Islam?

Sometimes, your "Haidari blows" are more severe and painful

than the bullets leaving mujahidin's guns and piercing the chests of kuffar and muratddin. Certainly, we have spoken the truth, and there are clear arguments supporting this claim.

Let's turn the pages of the Seerah together and see what the Prophet ﷺ said about the valorous deeds of 'Abdullah bin Rawahah, Hasan bin Thabit, Ka'b bin Malik, and Thabit bin Qais, may Allah be pleased with them, and what supplications he ﷺ made for them.

In Sahih al-Bukhari and Sahih Muslim, it has been mentioned that the Messenger of Allah ﷺ said to Hasan bin Thabit.

#### **Narrated Hassan bin Thabit al-Ansari:**

I asked Abu Hurairah: "By Allah! Tell me the

truth whether you heard the Prophet ﷺ saying, 'O Hassan! Reply on behalf of Allah's Messenger ﷺ. O Allah! Help him with the Holy Spirit.' Abu Hurairah said, "Yes. "

And every media knight, who defends Islam, is benefitted from the supplications of the Prophet ﷺ. The status of the media mujahidin is so high that the Prophet ﷺ gave him access to the pulpit of his mosque so that he may carry out the media war.

Dear media brothers! Is this virtue not enough for you?

Is such a virtue proven for other Muslims?

Has the Prophet ﷺ given access to this pulpit to any other Muslim?

Did any of the Companions of the Prophet ﷺ ascend his pulpit?

Let's enjoy another fragrance of flower from the Prophetic garden:

Narrated by 'Aishah: The Messenger of Allah ﷺ had a Minbar placed in the Masjid for Hassan to stand and boast (poetically) about the Messenger of Allah ﷺ (or she said: to defend the Messenger of Allah ﷺ). And the Messenger of Allah ﷺ said: "Indeed Allah has aided Hassan with the Holy Spirit (Jibrail-peace be upon him) as he boasts about - or - defends the Messenger of Allah ﷺ."

#### **Narrated by Bara bin Azib:**

The Prophet ﷺ said to Hassan, "Abuse them (with your poems), and Jibrail is with you (i.e, supports you)." (Through another group of sub narrators) Bara bin Azib said, "On the day of (besiege of) Quraidha, Allah's Messenger ﷺ said to Hassan bin Thabit, 'Abuse them (with your poems), and Jibrail is with you (i.e. supports you).' "

#### **So, O dear media brothers!**

Are you not happy with the fact that Allah the Almighty has assigned Arch Angel Jibrail, peace be upon him, the task of supporting you?

Thabit bin Qays, may Allah be pleased with him, was a mujahid anchor from among the blessed Companions, and he used to travel with the Prophet ﷺ, and he also won the title of "Khatib Rasulullah".

He was the spokesman for the Muslims. During the speech at every meeting and congregation with the representatives of the different tribes, the Prophet ﷺ would take him so that the Muslims would not be left behind in his blessed addressing.

In Sahih al-Bukhari, it is mentioned in the hadith, once Musailama al-Kaddhab came to Madinah with his people with haughtiness and flamboyance, and asked the Prophet ﷺ

for granting him authority and power. The Messenger of Allah ﷺ told him:

"And this Thabit will give you my answer."

'Abdullah bin Umar, may Allah be pleased with him, said: Once two khataib ('Amr bin al-Ahtam at-Tamimi and Zubarkan bin Badr at-Tamimi, may Allah be pleased with them) came from the east of Madinah. They delivered a sermon, and people were impressed by their speeches. The Prophet ﷺ said: Surely, some speeches are magic." (Meaning some speeches attract hearts, just as magic attracts hearts) So Thabit, may Allah be pleased with him, stood up on behalf of the Muslims and performed such anchoring that the people were also surprised. Such as this additional part came in the narration of Ibn Hibban: "Thabit bin Qays, the khatib of the Messenger of Allah ﷺ stood up and delivered a sermon, so they were impressed by his statement."

This Thabit bin Qays, may Allah be pleased

with him, once locked himself up in his house due to the revelation of verse no. 2 of Surah al-Hujurat {**O you who have believed! Raise not your voice above the voice of the Prophet, nor speak aloud to him in talk, as you may speak loud to one another, lest your deeds become vain and you perceive not**}, when he cried because his voice became louder than the voice of the Messenger of Allah ﷺ, while he used to be the khatib and anchor, although his voice was louder naturally. When the Prophet ﷺ came to know about the incident, he ﷺ gave glad tidings of Paradise to this mujahid anchor. The Prophet ﷺ said: "Go and say to Thabit: 'You are not from the people of Fire but from the people of Paradise.'" This was the glad tidings to the mujahid anchor from among the Companions.

It is narrated by al-Bukhari and Muslim that once Amir bin Akwa (who was also a mujahid announcer) started his announcing service on the way to the Khyber battle. He used to

## Fake news

say poems so that his mujahidin brothers do not get tired and bored in the journey of jihad, so the Prophet ﷺ asked: Who is this man? The companions said: He is Amir bin Akwa. Then the Prophet ﷺ said: May Allah have mercy on him. Due to his anchoring service, he ﷺ made supplication for him and later he was martyred in the battle.

And a unique virtue for mujahid anchor has been recorded in Sunan at-Tirmidhi:

It was narrated by Anas (may Allah be pleased with him):

The Messenger of Allah ﷺ entered Makkah during the 'Umratul-Qada, and 'Abdullah bin Rawahah was walking in front of him and saying:

O you infidels, get off our way  
Owing to the revelation of Quran  
We fight against you today  
With blows separating, from shoulders, heads  
Making friends unmindful of friends

'Umar said to him: O Ibn Rawahah! In front of the Messenger of Allah and in the Haram of Allah, the Might and Sublime, you recite poetry? The Prophet ﷺ said: "Let him do so, for what he is saying is more severe than strikes of arrows to them."

**Allahu Akbar!**

In this hadith, the virtues and excellence of public anchoring and announcing activities have been mentioned, which are said to be more effective than arrows, so, Allah willing, the reward of a media mujahid will be equal to that of shooting arrows and in some cases even more than that.

## O MEDIA BROTHERS!

Look at the virtues of media jihad, according to this hadith, as long as the intention is pure, the courage is high, the determination is strong, the steps are strong, the pen is sharp, and the tongue is continuous in the path of Allah.

Paradise becomes obligatory on arrows; standing in the battle for an hour is better than sixty years of worship; one conquest is better than fifty times performing hajj, spending a few minutes in the field of jihad is better than standing in the night prayer in Lailatul-Qadr in Makkah near the Hajar al-Aswad. Spending a morning and an afternoon in the path of Allah is better than the world and whatever is in it. So, O you mujahid in media field, you can get all these virtues through the activity of pen and tongue, Allah willing.

This is not the only hadith in which the Prophet ﷺ considered announcement-blows as severe as

arrow-blows; rather there are several other narrations:

Ka'b bin Malik asked the Prophet ﷺ: "O Messenger of Allah, Almighty Allah has deemed poetry bad, so what about us?" He ﷺ said: "The believer strives with his sword and his tongue, and by the One in whose hand my soul is, your poetry is as if shooting arrows at them."

Hafidh Dhahabi mentioned this narration in Tarikh al-Islam:

The prominent Taba'e Ibn Sireen (may Allah have mercy on him) said:

"As for Ka'b, he used to recite poems about the war saying, 'We did this, we are doing this, and we will warn them,' and as for Hassan, he would mention the faults of the infidels and describe the battlefield situations, and as for Ibn Rawahah, he would give them warning for their disbelief. And the tribe Dus accepted Islam being afraid of a poem of Ka'b."

“

IF WE WERE TO GIVE OUR SWORDS THE AUTHORITY TO SPEAK  
CERTAINLY, THEY WOULD HAVE SAID, "WE WOULD ATTACK TRIBES OF  
DUS AND THAQIF"

”

Ponder over this, if sometimes a public announcement (such as a statement, warning, poem, or video) is done sincerely, then Allah puts barakah in it, so that even a big tribe may revert to Islam and support jihad and mujahidin.

And if a person becomes guided due to your writing, statement, poem, and video, then it is better than red camels for you, as it has come in the hadith: "By Allah, if Allah guides a person through you, it is better for you than having red camels." [Agreed Upon] And at that time camels were the best property of the 'Arabs. So it was a famous proverb at that time.

So, O mujahid announcers who are busy supporting Islam!

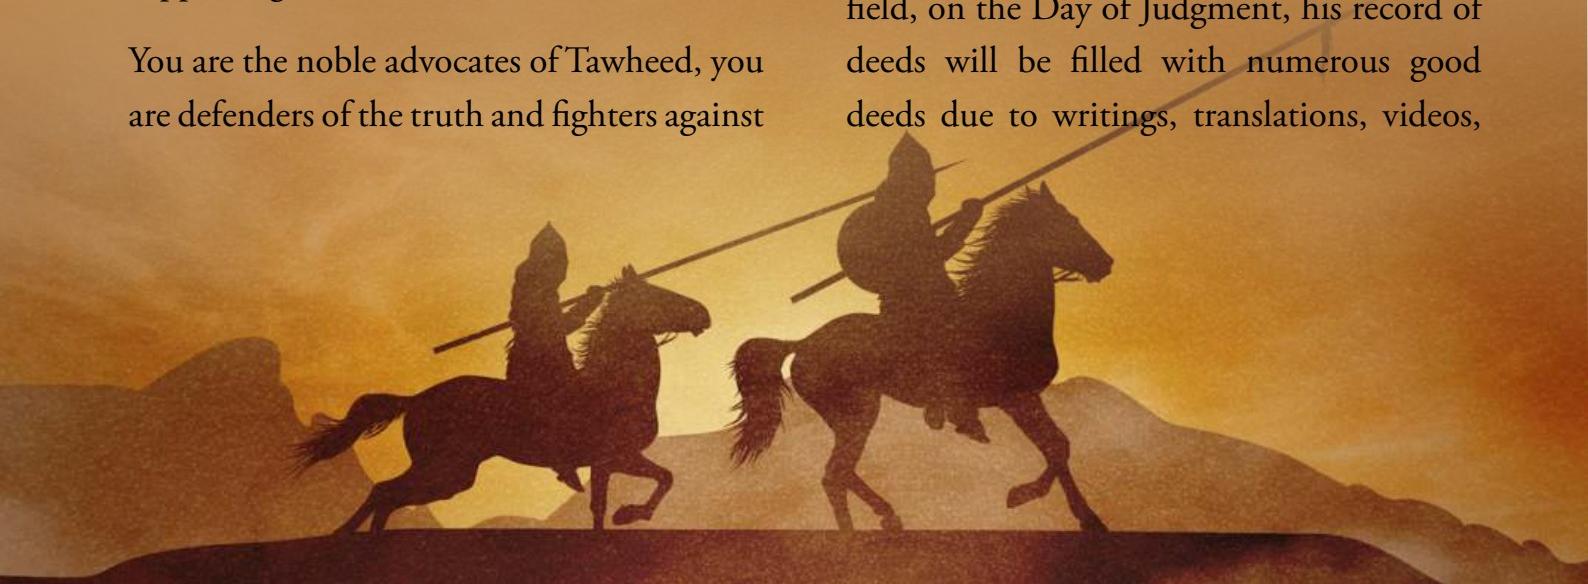

You are the noble advocates of Tawheed, you are defenders of the truth and fighters against

falsehood in every field, one good deed is added to one letter and one good deed is multiplied by ten, and the Lord Almighty increases it seven hundred times and sometimes even more than counting, but these counts are more related to sincerity and Sunnah.

And there is a reward for every good deed and a punishment for every bad deed, as Allah the Almighty says: {**So whoever does an atom's weight of good will see it. And whoever does an atom's weight of evil will see it**} [Az-Zalzalah]

And Allah the Exalted says: {**They will find whatever they did present 'before them'**} [Al-Kahf]

So, whoever has striven hard in this media field, on the Day of Judgment, his record of deeds will be filled with numerous good deeds due to writings, translations, videos,

and audio statements in support of Islam, and the Lord will ask his servants: What did you spend your life doing? I gave you youth, I gave you strength, ability, and talent, so how did you spend it?

So, by the grace of Allah, this mujahid announcer will present his day and night's struggle and hard work to his Lord and say: "O Lord, I used to spend my time doing services for Islam and Muslims up to the late night. During the harsh winter nights, while people were enjoying their sound sleep, my feelings and conscience did not allow me to do this because my work would remain incomplete, and I used to dedicate the whole day to your religion. O Lord, people wasted their precious time in entertainment, they enjoyed the life of the world, but I dedicated myself to your religion, although there was not enough money, not much possibilities, not much facilities, and the kuffar and the murtad-din were looking for me everywhere, and for pleasing the Jews and the Christians, these murtaddin, in the cloak of Islam, set a price on my head. They spied on me and asked people about me, and they wondered how to mute the voice of Islam, as they spent millions of dollars for preventing my preaching, defaming me, and

spreading propaganda against me. But O my Lord, I spent my youth in support of Islam, until death approached me from You." Then that Day will be the Day of rewards, gifts, and happiness for the media lions, Allah willing.

O descendants of Ka'b bin Malik! You are the honorable members of the media agency who speak the truth, enjoin what is good and forbid what is evil, and provide religious and intellectual training to the people. You are the best ones among the people, as the Almighty says: **{You are the best community ever raised for humanity you encourage good, forbid evil, and believe in Allah}** [Aal-i-'Imran]

If the purpose of the media department is fulfilled, the punishments of the Almighty will be averted.

Hudhaifah bin al-Yaman narrated that the Prophet ﷺ said:

"By the One in Whose Hand is my soul! Either you command good and forbid evil, or Allah the Almighty will soon send upon you a punishment from Him, then you will call upon Him, but it will not be answered."

So the purpose of media jihad is to establish the Islamic system on earth.

Allah the Exalted says: {They are those who, if established in the land by Us, would perform the prayer, pay zakah, encourage what is good, and forbid what is evil. And with Allah rests the outcome of all affairs} [Hajj]

And this is the purpose of your media struggle to present the Book of Allah and the Sunnah of the Prophet ﷺ to the people, which is the special prophetic task.

Allah Almighty says: {We sent them with clear proofs and divine Books. And We have sent down to you 'O Prophet' the Reminder, so that you may explain to people what has been revealed for them, and perhaps they will reflect} [An-Nahl]

He the Exalted also says: {O Messenger! Convey everything revealed to you from your Lord. If you do not, then you have not delivered His message. Allah will 'certainly' protect you from the people. Indeed, Allah does not guide the people who disbelieve} [Al-Maidah]

So, in short, the heroes of the announcement, who spread the voice of Tawheed, Sunnah, and Khilafah to every corner of the world with the help of pen and tongue, are the ones who remain happy both in this world and in the Hereafter.

They refute every objection of falsehood; they decapitate the suspicions of Jews, Christians, Atheists, and Seculars with the sword of 'Umar bin Khattab. Those are the mujahidin who bear heavy burden in order to obliterate ignorance through pen and tongue from the Islamic Ummah, and the implementation of Shari'ah of Allah is special goal and desire of their lives.

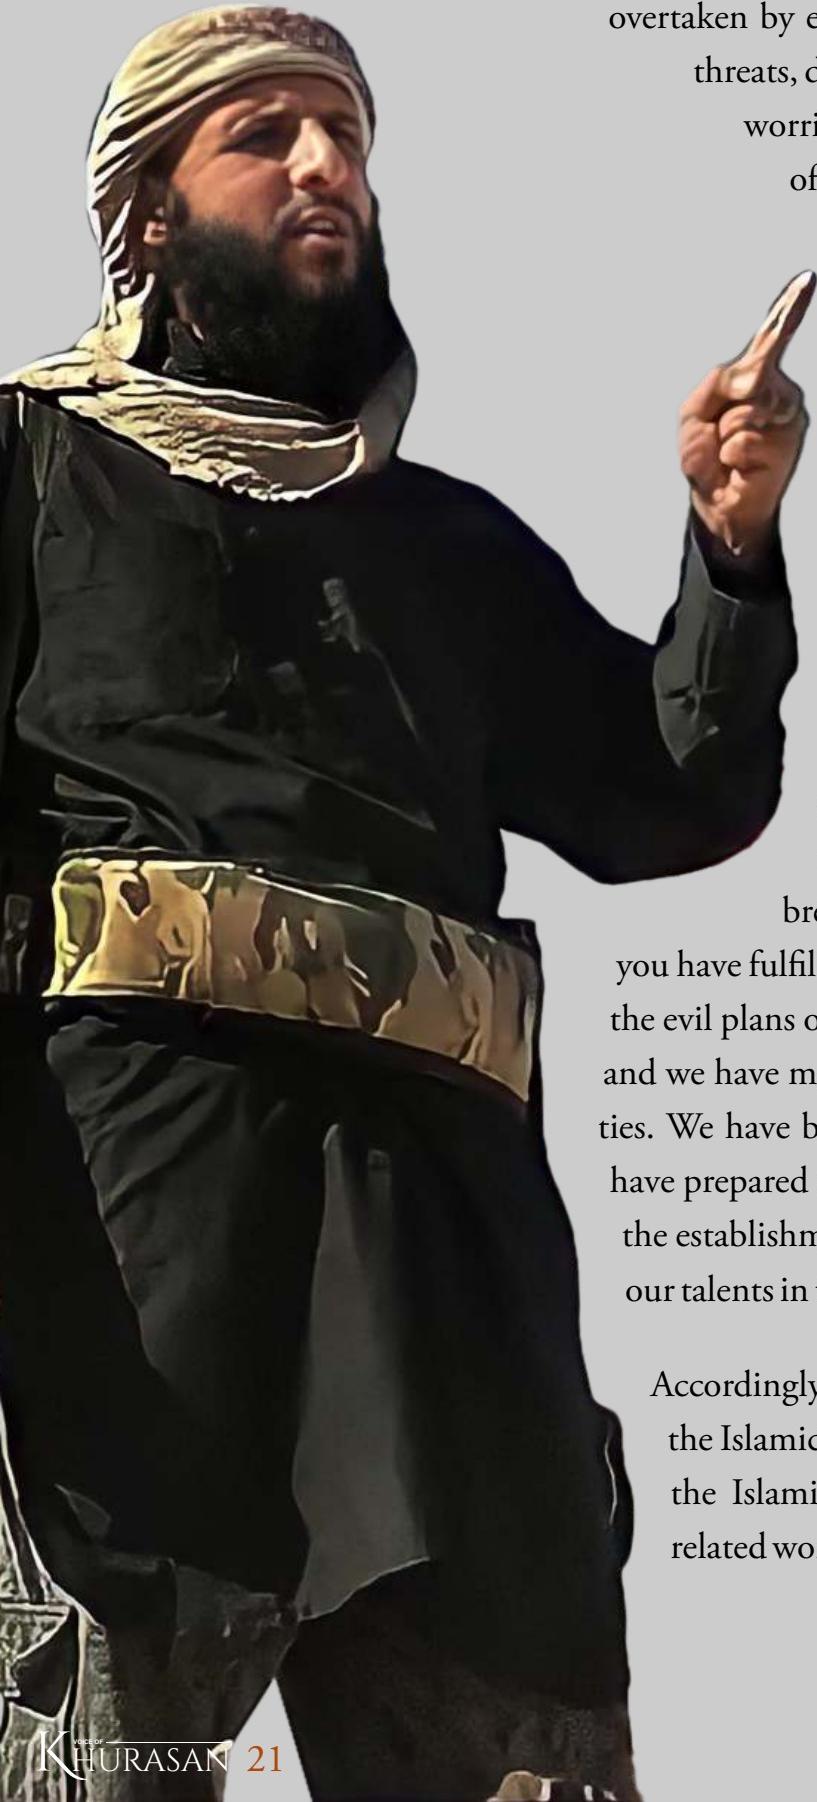

So, congratulations to those announcers, with youthful vigor, who day by day bring forth plans for the development of their talent, fulfilling their Shari' duty.

Therefore, these few words ours are a gift for the mujahidin who obey the commandment of Allah and His Messenger ﷺ and strive to remove the seeds of intellectual colonialism from the Islamic Ummah.

The Prophet a said: "Fight the polytheists with tongues, souls, possessions, and hands." [Musnad Ahmad]

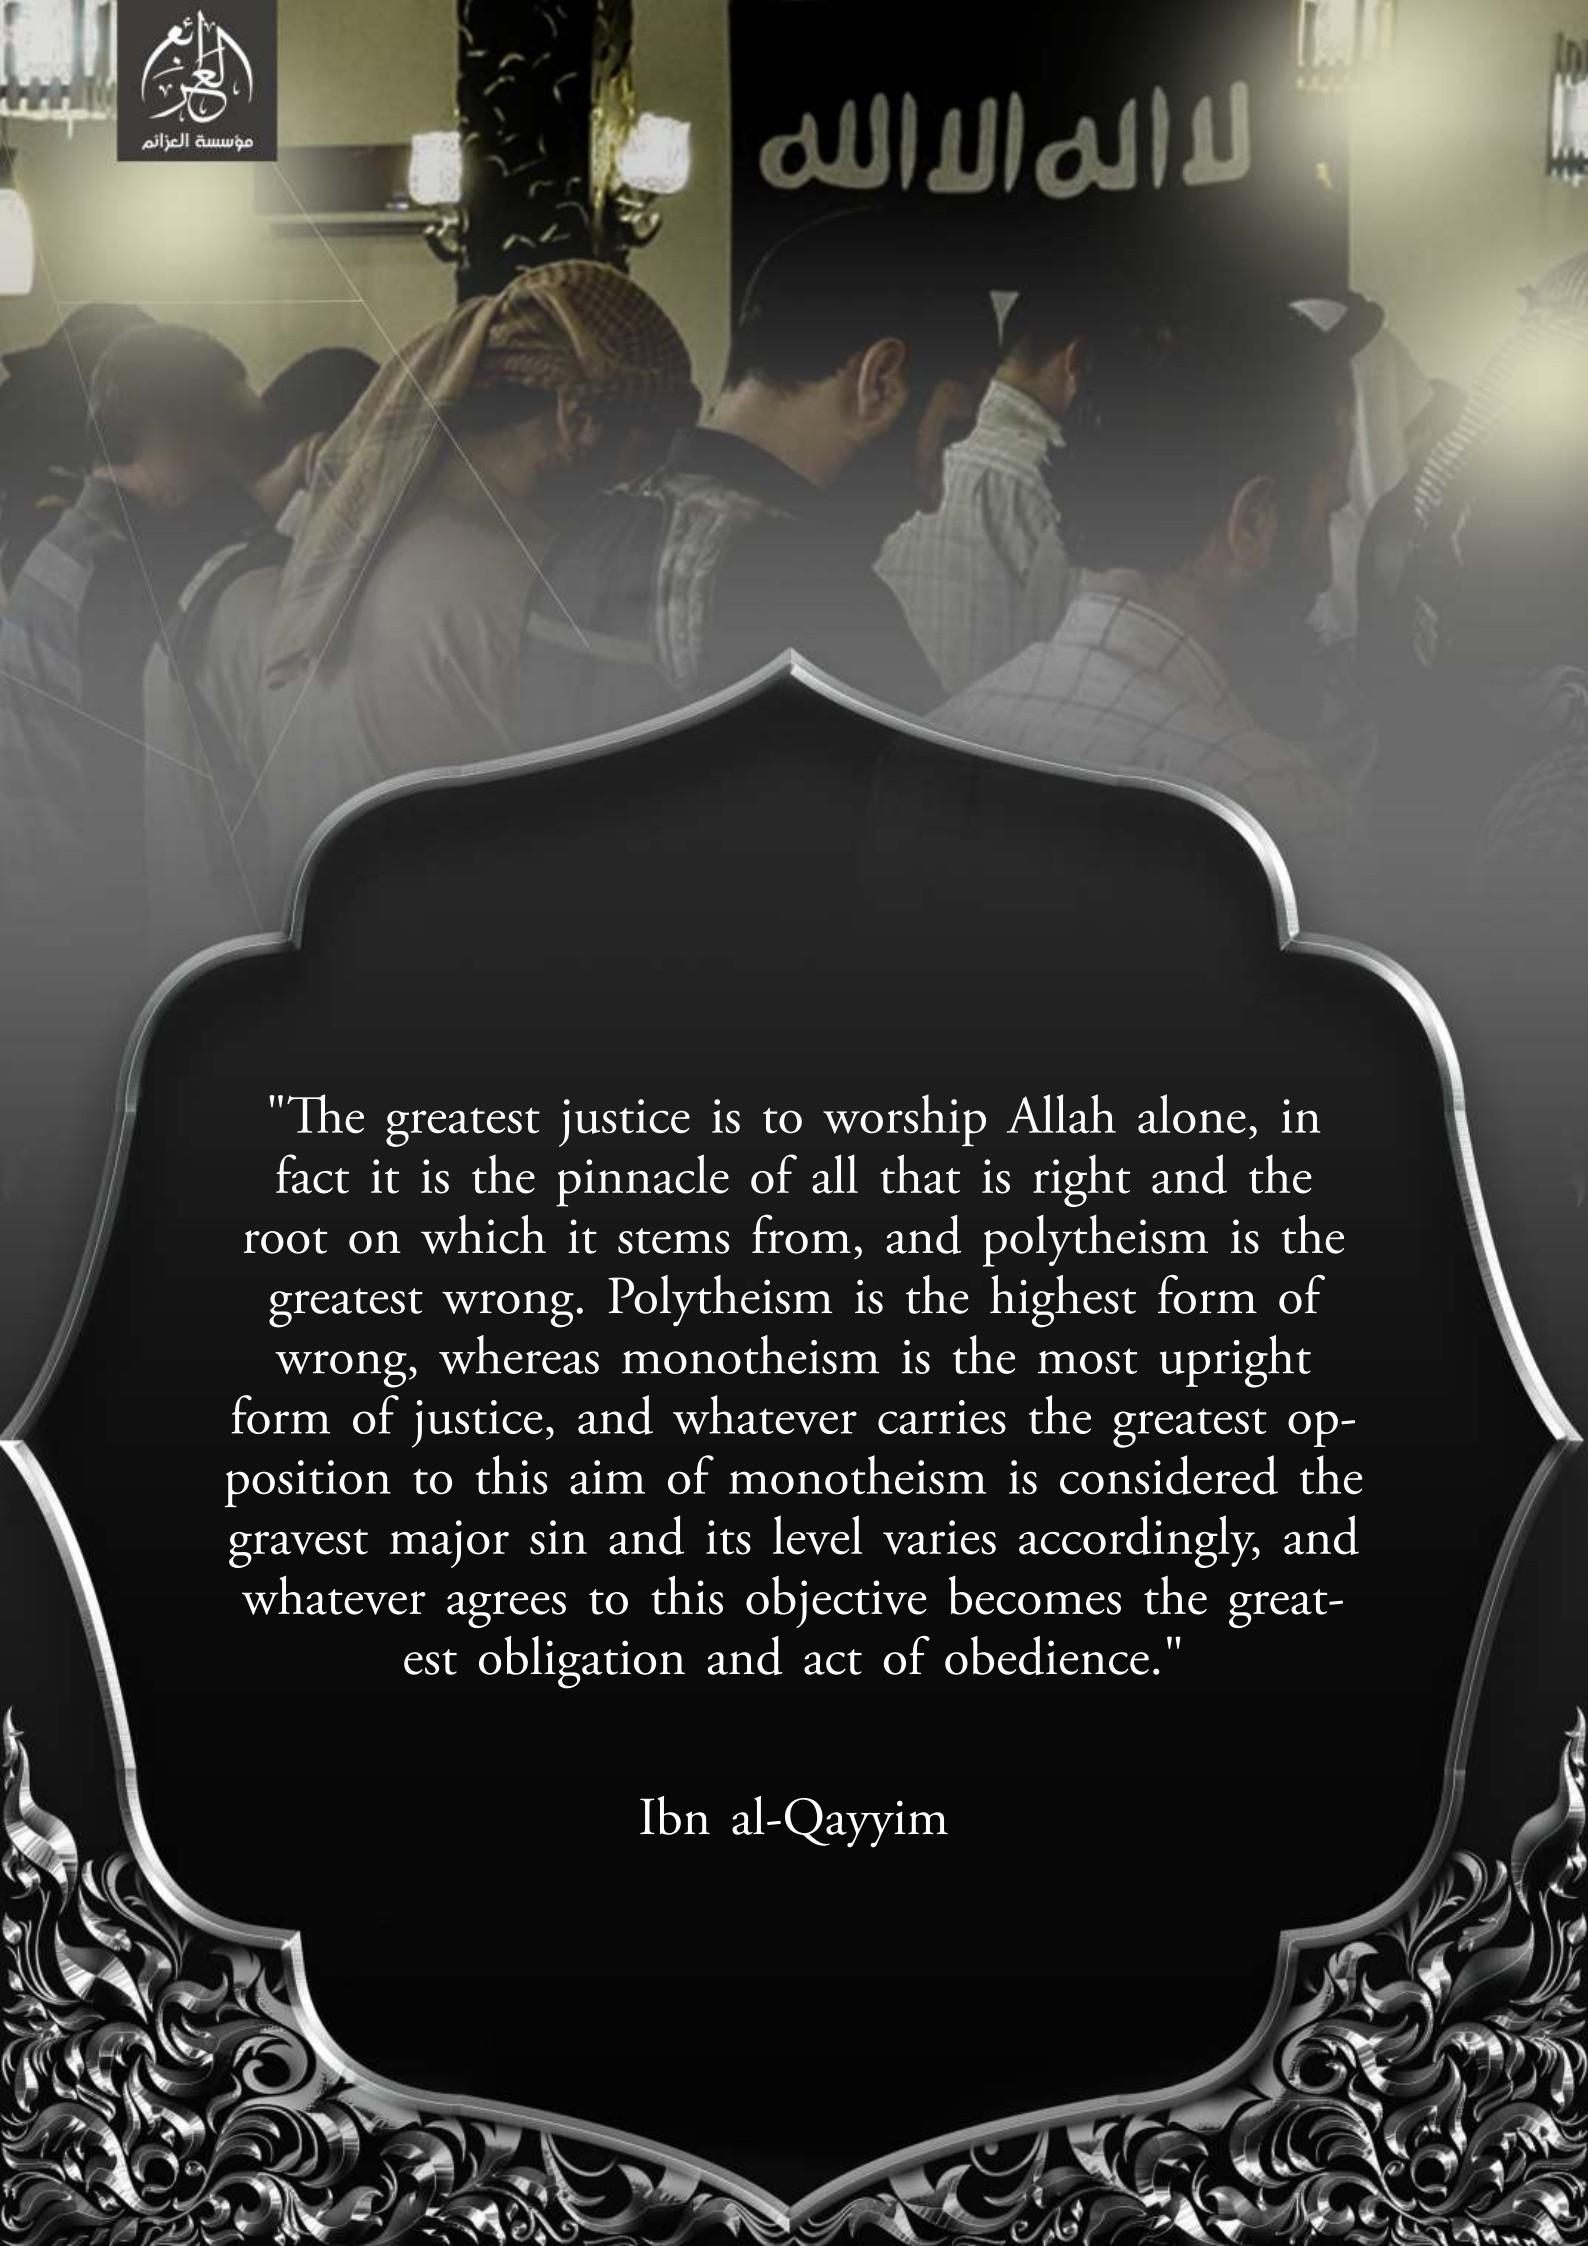

So in the end, we tell you, O heroes of the media warfare! Never be overtaken by exhaustion, boredom, hopelessness, or numerous threats, doubts, helplessness, lack of possibilities, and other worries. You are not alone in this struggle, but the Lord of the worlds has sent angels like Jibrail (peace be upon him) at your service. So, enhance your activities to achieve even better results.

O brothers, you know that the infidels have intensified their war against Islam in every field, especially in the media field, and they have been trying day and night to destroy the minds of the children of the Islamic Ummah and to pollute their mind with secular beliefs and thoughts.

The media lions of the Islamic Khilafah have single-handedly kept this proclamation warm against all the infidels and have given them tooth-breaking answers in every aspect, and we and all of you have fulfilled our responsibilities properly, we have unveiled the evil plans of the infidels and their conspiracies against Islam, and we have made the Islamic Ummah aware of its responsibilities. We have been spreading the real concept of Islam, and we have prepared ourselves for an all-around struggle in the path of the establishment of the Islamic system, so it is necessary to use our talents in this field.

Accordingly, the media department of Khurasan Wilayah of the Islamic State welcomes all sincere munasireen to support the Islamic State in every possible way, including media related works.

لَا إِلَهَ إِلَّا اللَّهُ

"The greatest justice is to worship Allah alone, in fact it is the pinnacle of all that is right and the root on which it stems from, and polytheism is the greatest wrong. Polytheism is the highest form of wrong, whereas monotheism is the most upright form of justice, and whatever carries the greatest opposition to this aim of monotheism is considered the gravest major sin and its level varies accordingly, and whatever agrees to this objective becomes the greatest obligation and act of obedience."

Ibn al-Qayyim

# VICTORY

**Belongs to the Patient**

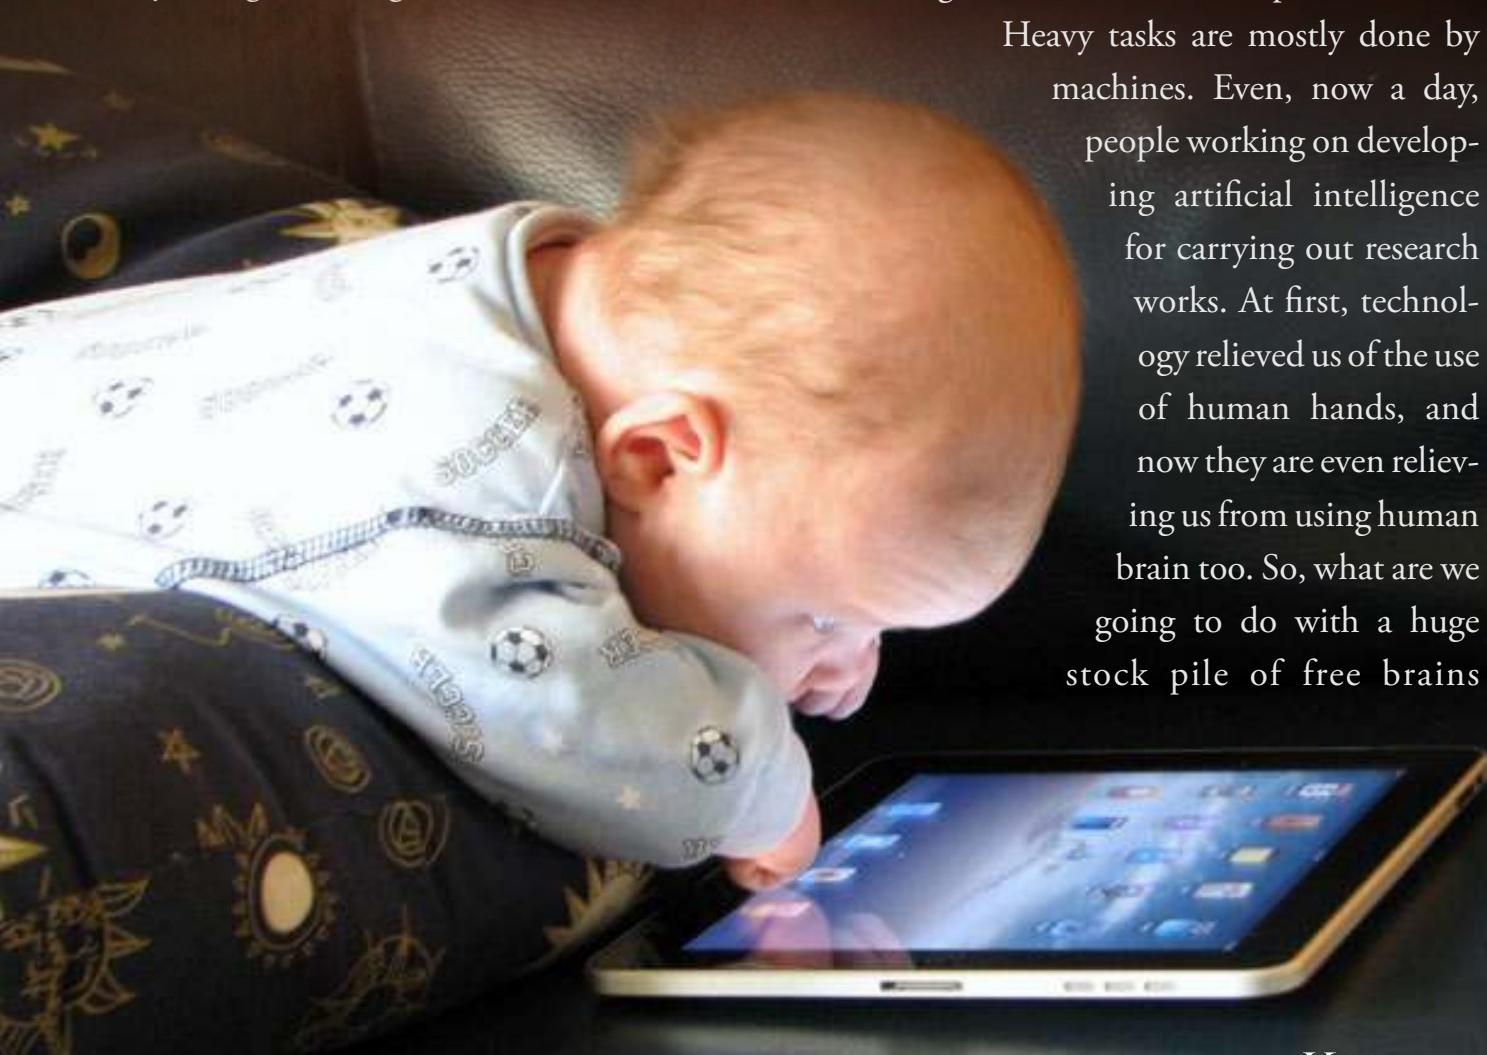

We are going through an age of materialism. Everything is judged in terms of numbers. Number is the perimeter for measuring people's level of happiness. Digitalization of the modern systems has transformed human races into robots, as they are literally controlled by digital signal which is based on numerical system. And with the passing of time, the concept of "time is money" is manoeuvring people's emotions and endeavour more and more, as if the Hollywood movie style "artificial reality" is becoming the actual unpleasant reality. A prominent disbelieving

scientist Albert Einstein once said: "I fear the day when the technology overlaps with our humanity. And the world will only have a generation of idiots." So, it seems the concern of this disbelieving servant is coming true in the end. And there is actually no idea about what new technological advancement will be made in the near and far future for paralyzing human races. And such an age of convenience (or idleness) is void of ideological developments, unlike the previous centuries which marked significant theological developments whose sole objective was to fill people's empty

mind with baseless theories (such communism, socialism, capitalism, and so on) for diverting their mind from the actual problems the rotten societies were going through. And now, the date of those mundane theories has expired. And that ideological vacuum has been occupied by entertainment industry, which is also turning out to be boring for the viewers. So what's next? How to feed the restless soul which only desires more and more? And this is the case of those who consider their life to be "an one-time opportunity, so squeeze out of it as much as you can," forgetting the bitter truth, according to them, that there is another life after this life, when they will be questioned for every single enjoyment they have gone though in this life.

If we have a look at the modern societies, people have been made engaged in such valueless activities whose examples can't be found in the human history. Sedentary human activism has led to a generation of comfort loving people. All the thoughts and goals of them revolve around comfort and luxury. Technology is making life easier to the extent that people are trying to achieve everything with machines and to reduce human interaction as much as possible. With the introduction of airplanes and vehicles, people travel surprisingly long distance in a very short time, and they are even trying to minimize it even more. With the invention of washing machines, people almost gave up using hands for washing clothes in the developed countries.

Heavy tasks are mostly done by machines. Even, now a day, people working on developing artificial intelligence for carrying out research works. At first, technology relieved us of the use of human hands, and now they are even relieving us from using human brain too. So, what are we going to do with a huge stock pile of free brains

in the near future? I presume the planners of the new world order are thinking of engaging people more in entertainment. But people hardly understand that what sustainable benefits they gain from the pointless entertainment.

And the forces that safeguard such system of sedentary comfort loving population, are not also untouched by the waves of comfort and ease. For example, global military powers are being extensively dependent on technology, although they have attained enormous level of precision in long distance killing, with significant compromise in guts and valour that used to be determining factors in traditional warfare in the human history. As if, using brain in military warfare has become inversely proportional to courage, patience, forbearance, and other manly attributes. And such affinity to comforts has earned the no.1 military power, as per their claim, the title of "diaper soldiers" in a Muslim land, since they have been confronting real men with full of courage. Yes, I am talking about US army. Despite having

the largest military spending, the US couldn't save its troops from such defamation. And we can't really remember the last time these "popcorn soldiers" made a demonstration of valour and other manly attributes, other than boasting being in the shadow of state of the art military technologies and targeting such forces whose military might, in terms weapons and technologies, is compared to zero. This is the reality of the number one military power in the world, let alone the blind following subordinates who have been taking shelter under American umbrella.

On the other hand, if we consider the cost of the modern weapon systems of the disbelieving forces being used against the less equipped mujahidin, we will find that these haughty gutless disbelieving forces have been using artillery shells for eliminating little birds, sometimes as small as mosquitos. Think about precision guided munitions used by the infidel forces against the mujahidin in different parts of the world. They spend in millions for eliminating targets worth almost nothing in

comparison to their expenditure. And the disbelieving forces know very well that what trifles results they have achieved in stopping the caravan of jihad. On the contrary, consider the simple but effective tactics used by Khilafah soldiers against the soldiers of kufr. Think about the high-tech M1 Abrams main battle tank of the US. It costs over \$10 million, including training and maintenance. And such high tech toys were destroyed by mujahidin in Iraq, Sham, and Afghanistan by very simple explosive device that costs not more than a few hundred bucks maximum. And more importantly, the mujahidin still exist upon the face of the earth terrorizing the extremely tech-dependent gutless enemies of Allah even more, with the message of even worse time to come in the coming days. The Khilafah soldiers are the valorous warriors who have revived the Sunnah of Prophet Daud, 'Alayhis Salam, who killed the mighty Jalut with stone shot from a sling. And this is the brilliant Quranic example of how believers defeated mightier enemies with help of courage and faith in Allah. And in the same vein, the soldiers of Allah are also dealing heavy blow to the well-equipped enemies of Allah at this modern age.

Allah the Almighty says: {Thereupon by Allah's leave they put the disbelievers to fight, and Daud killed Jalut, and Allah granted him dominion and wisdom} [Al-Baqarah: 251]

On the other hand, consider the state of this Ummah, it has also been affected by heavy dose of sleeping pill of unawareness, mostly due to

tireless efforts of the disbelievers. They strive day and night for pulling men towards the ditch in which they have fallen. Muslim youth now prefer an easy going lifestyle, and they only run after that furiously, being ignorant of their religious obligations. And the kuffar have been making them too much dependent on technology and facilities, while the mujahidin in the path of Allah undergoing hardships for establishing the Shari'ah of Allah. They spend nights and days in the deserts and jungles or in the heart of the cities of the infidels and murtaddin, where they terrorize the enemies of Allah, taking heavy burden on their shoulder. They remain patient amid indiscriminate bombardment and even imprisonment; yet they hold fast to the rope of Allah without being divided. In this regard of the Shaykh Jalal ad-Din, may Allah have mercy upon him, said: "We need many people for this Khilafah, rather we need three hundred thirteen believers having strong faith in Allah." In many cases, the mujahidin don't even have ride, and they have to cover most of their journey of jihad

on foot, when they use both their hands and intellects for eliminating kufr from the face of the earth. They are the ones who are mostly upon the fitrah upon which of human were created. 'Ali bin Abu Talib, may Allah be pleased upon him, said: "Patience is a virtue by which anything can be achieved." So, who can have more patience than the one who believes in Allah and strives with His support, since patience is a virtue that is granted only by Allah the Almighty. And there goes the saying, "Slow and steady wins the race." Allah the Exalted says: {And We made from among them (Children of Israel), leaders, giving guidance under Our command, when they were patient and used to believe with certainty in Our Ayat} [32: 34] And He the Exalted also says: {But if you remain patient and pious, not the least harm will their cunning do to you. Surely Allah surrounds all that they do} [3: 120]

And history is a witness to the fact that military might devoid of patience was never the determining factor in wars. If we contemplate the sayings of one of the prominent disbelieving

conquerors we shall understand the importance of patience in wars. One of Napolean Bonaparte's most famous quotes about patience in war is, "Victory belongs to the most preserving." This quote is a reminder that patience and perseverance is the key to success. He also said: "In war moral is to the physical as three to one," meaning that strong morale is more important than strong physical presence. He also said, "A leader deals is a dealer in hope," which means that a leader must have hope in order to inspire his troops. And a disbelieving leader in Allah, Hereafter, and Allah's promises can never motivate his soldiers more than a believing servant of Allah, who has firm conviction in the promise of Allah that He the Almighty will surely grant them victory.

Therefore, the enormous patience that the soldiers of Khilafah have adopted is clear indicator that victory from Allah is imminent, as He the Almighty says: {And be patient. Surely, Allah is with those who are patient} [8:46] And mujahidin's steadfastness is manifested in the heavy burden and physical labour. Military might, state of the art defence technology, like

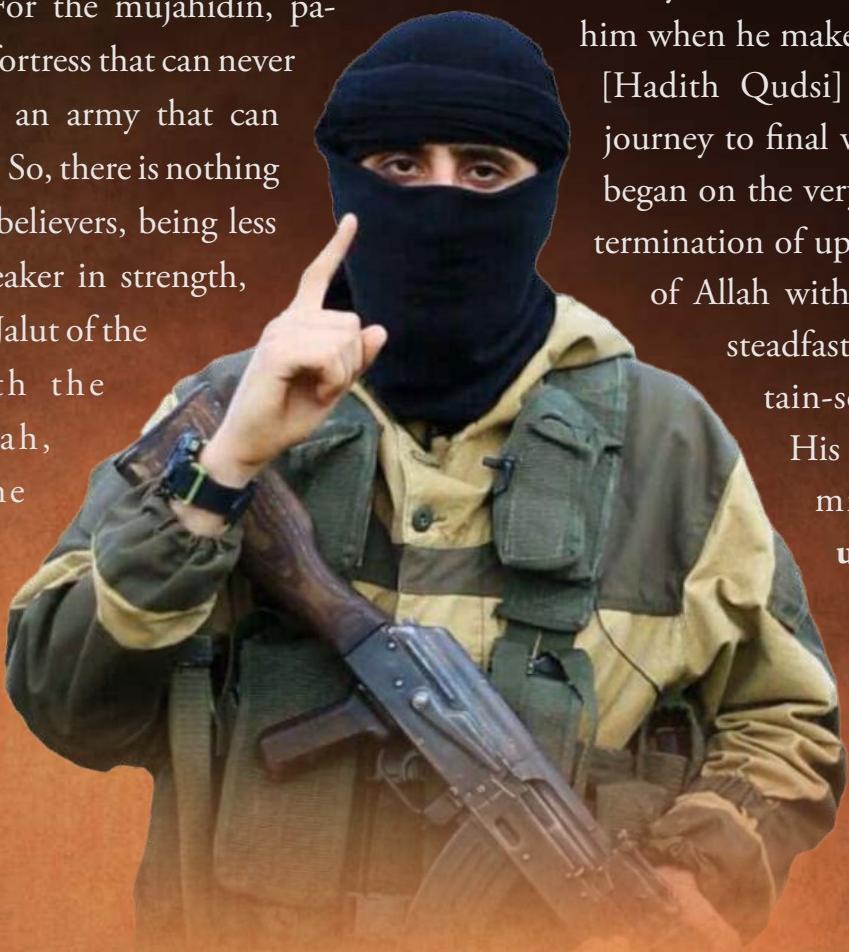

fighter jets, armoured vehicles, drones, guided missiles, etc., are never free of noise, and noise can never last long, rather what last long is the sweet fruit of patience and forbearance in the path of Allah.

So, it is only courage, coupled with patience and steadfastness, through which mujahidin achieved victory over their enemies, by the grace of Allah, at every age, no matter how weak they were in terms of number and equipment in comparison to the enemies. In fact patience and victory are like two sides of the same coin. For the mujahidin, patience is a strong fortress that can never be breached and an army that can never be defeated. So, there is nothing to worry for the believers, being less in number or weaker in strength, for they fight the Jalut of the time only with the nusrah of Allah, while Allah the Exalted gives them the glad tidings of one of the two

good: either victory or martyrdom, and martyrdom itself is victory.

So, O the believing servants of Allah! Leave no suspicion in your heart- bi'dhnillah- about the imminent victory over the defiantly disobedient nations who are indulged meaningless things and paralyzed by the courtesy of technology, for they can never be equal to the mujahidin in terms of patience and forbearance. On the authority of Hurairah (may Allah be pleased with him), who said the Prophet ﷺ said: Allah the Almighty said: "I am as My servant thinks I am. I am with him when he makes mention of Me."

[Hadith Qudsi] So, your blessed journey to final victory and honour began on the very day you took determination of upholding the Words of Allah with at the expense of steadfastness amid mountain-some hardships in His path, and the Almighty says: {The ultimate outcome belongs only to the righteous} [7: 128]

O Muslims! O people, who are satisfied with the Lordship of Allah the Exalted, the religion of Islam, and the prophethood of Muhammad ﷺ, O you who bear witness that there is no god but Allah, Muhammad ﷺ is the Messenger of Allah, for you, words without action is of no use, because there is no faith without action. As for the one who says: "My Lord is Allah," if he is sincere, he needs to obey the One who has made fighting obligatory upon him, that is, Allah has made fighting in His way obligatory upon the one who has believed in Him. And, Allah has made a promise to him, and warned those who disobey Him, and whoever says, "My Prophet is Muhammad ﷺ," if he is truthful, it is better for him to follow his Prophet ﷺ.

# STONES TURNED RED

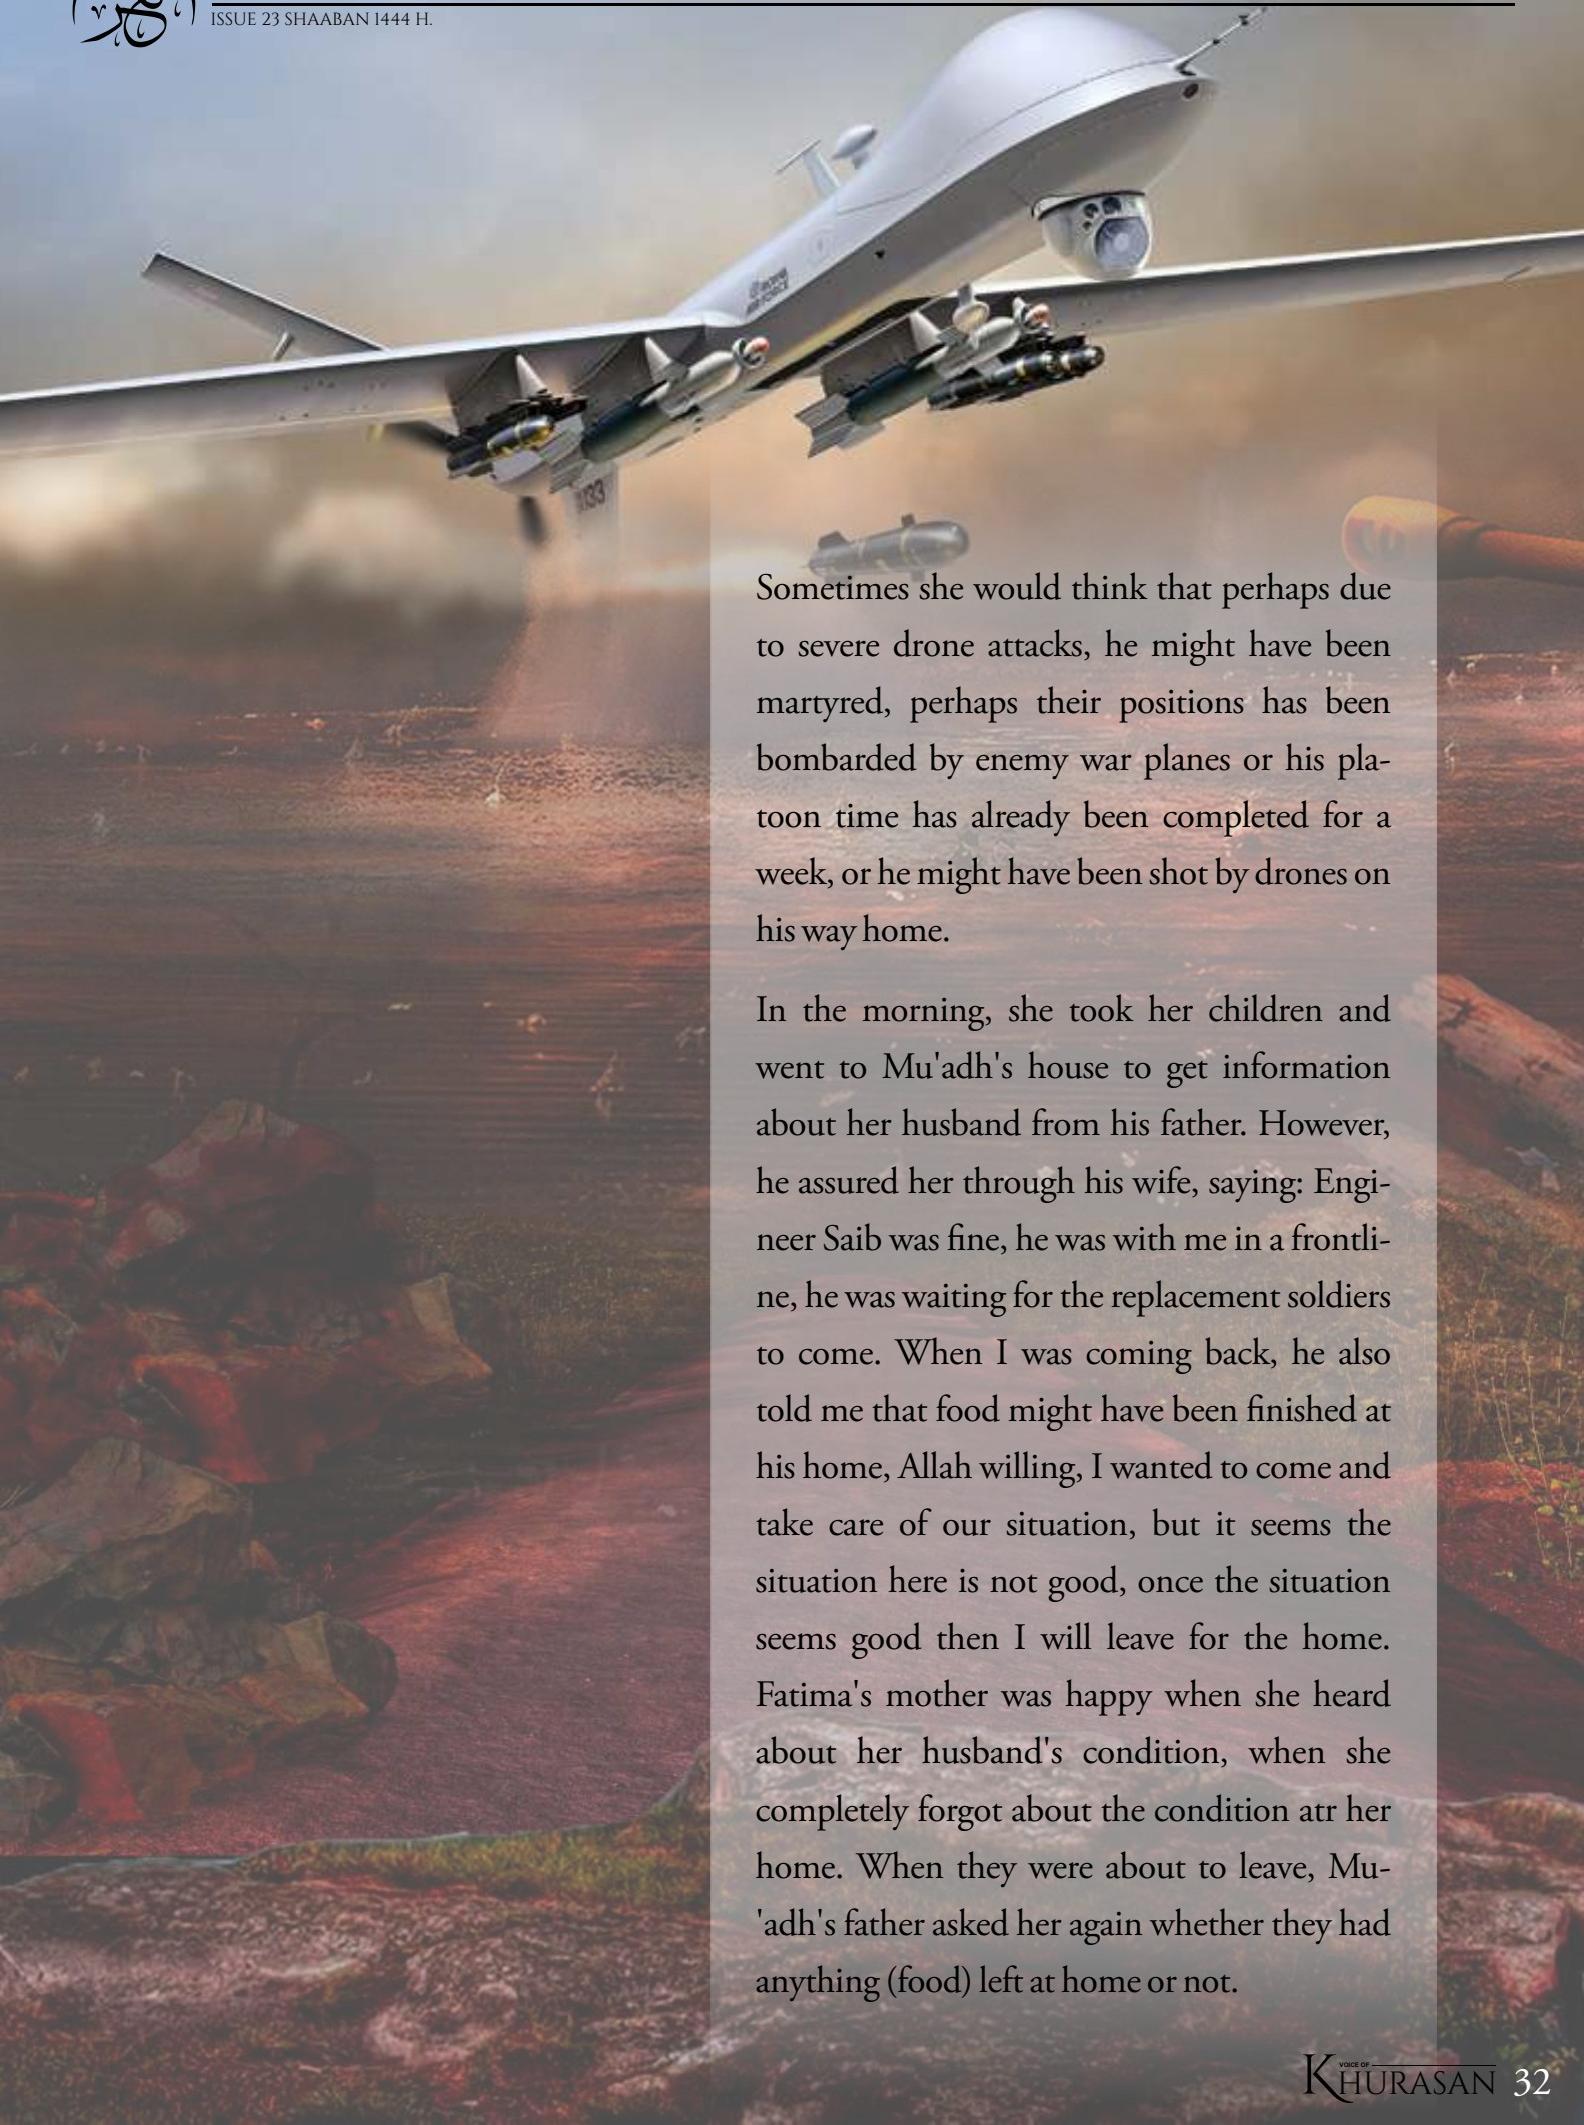

They had been eating corn for a few days. It was about to finish. Five-year-old Hudaifah and three-year-old Fatima would wake up every morning expecting their father to come. They would wait bitterly from morning until evening but their father did not come, they would always ask their mother when would their father come. "Father of Aisha, Salma, and Mu'adh has come but our father has not yet come," they remorsed.

Their mother would hold them to her chest, kiss them on the head, and dot them: "Dear children, pray for him, may Allah be merciful to him, the days of their coming are imminent, since the time of their formation is completed, he will come soon, In Sha Allah."

Though she reassured Hudaifah and Fatima, her heart worried day by day in the thought her husband.

Sometimes she would think that perhaps due to severe drone attacks, he might have been martyred, perhaps their positions has been bombarded by enemy war planes or his platoon time has already been completed for a week, or he might have been shot by drones on his way home.

In the morning, she took her children and went to Mu'adh's house to get information about her husband from his father. However, he assured her through his wife, saying: Engineer Saib was fine, he was with me in a front-line, he was waiting for the replacement soldiers to come. When I was coming back, he also told me that food might have been finished at his home, Allah willing, I wanted to come and take care of our situation, but it seems the situation here is not good, once the situation seems good then I will leave for the home. Fatima's mother was happy when she heard about her husband's condition, when she completely forgot about the condition atr her home. When they were about to leave, Mu'adh's father asked her again whether they had anything (food) left at home or not.

Hudaifah replied him with hesitation: "No, uncle, the flour had finished earlier, this Friday we ate corn, and it has also finished."

Mu'adh's father said to his wife: "Give half of our flour to them."

There was 7 kg of flour left in their sack, they shared the half of it with Hudaifah's mother, and they happily took it home.

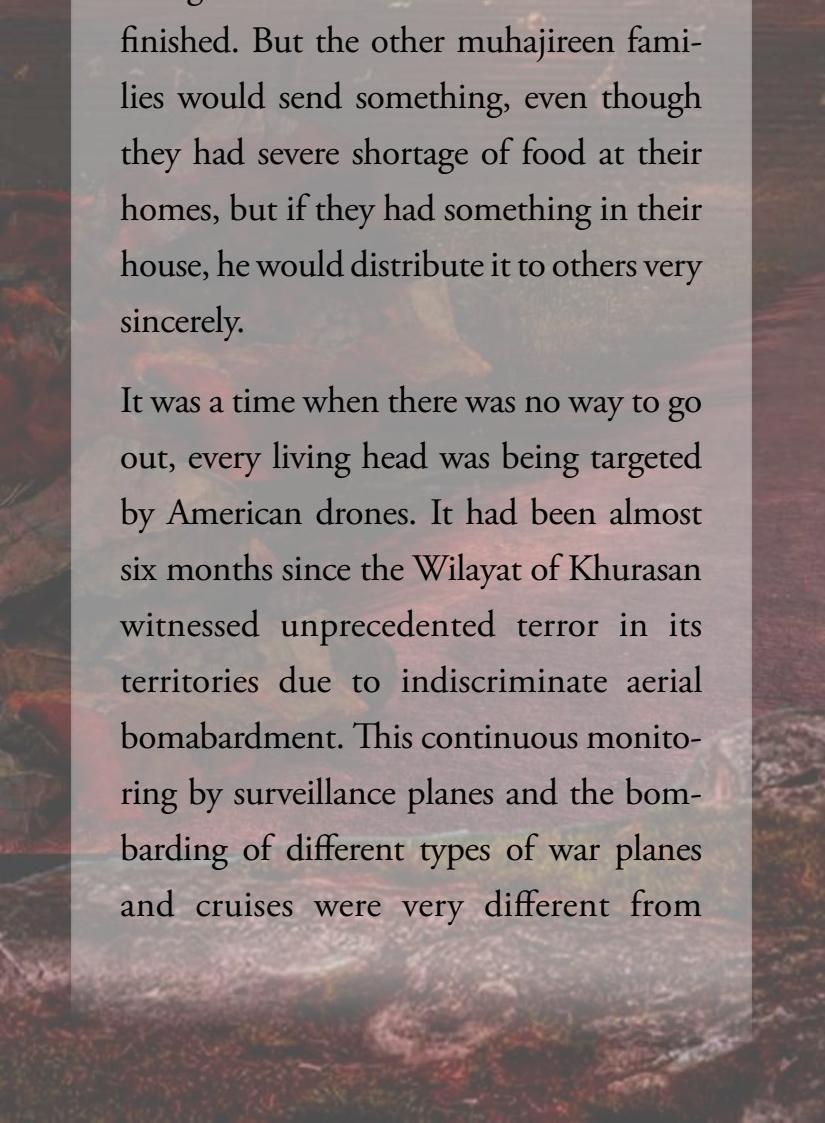

When they arrived home, Fatima and Hudaifah's patience was over. Every moment, behind their mud fort, they would climb a little higher to the pit from which their father's path could be seen from a distance, when every passerby seemed to be their father to them, while he someone else- muhajir or ansar mujahid.

It was the second day after that the flour brought from Mu'adh's house had been finished. But the other muhajireen families would send something, even though they had severe shortage of food at their homes, but if they had something in their house, he would distribute it to others very sincerely.

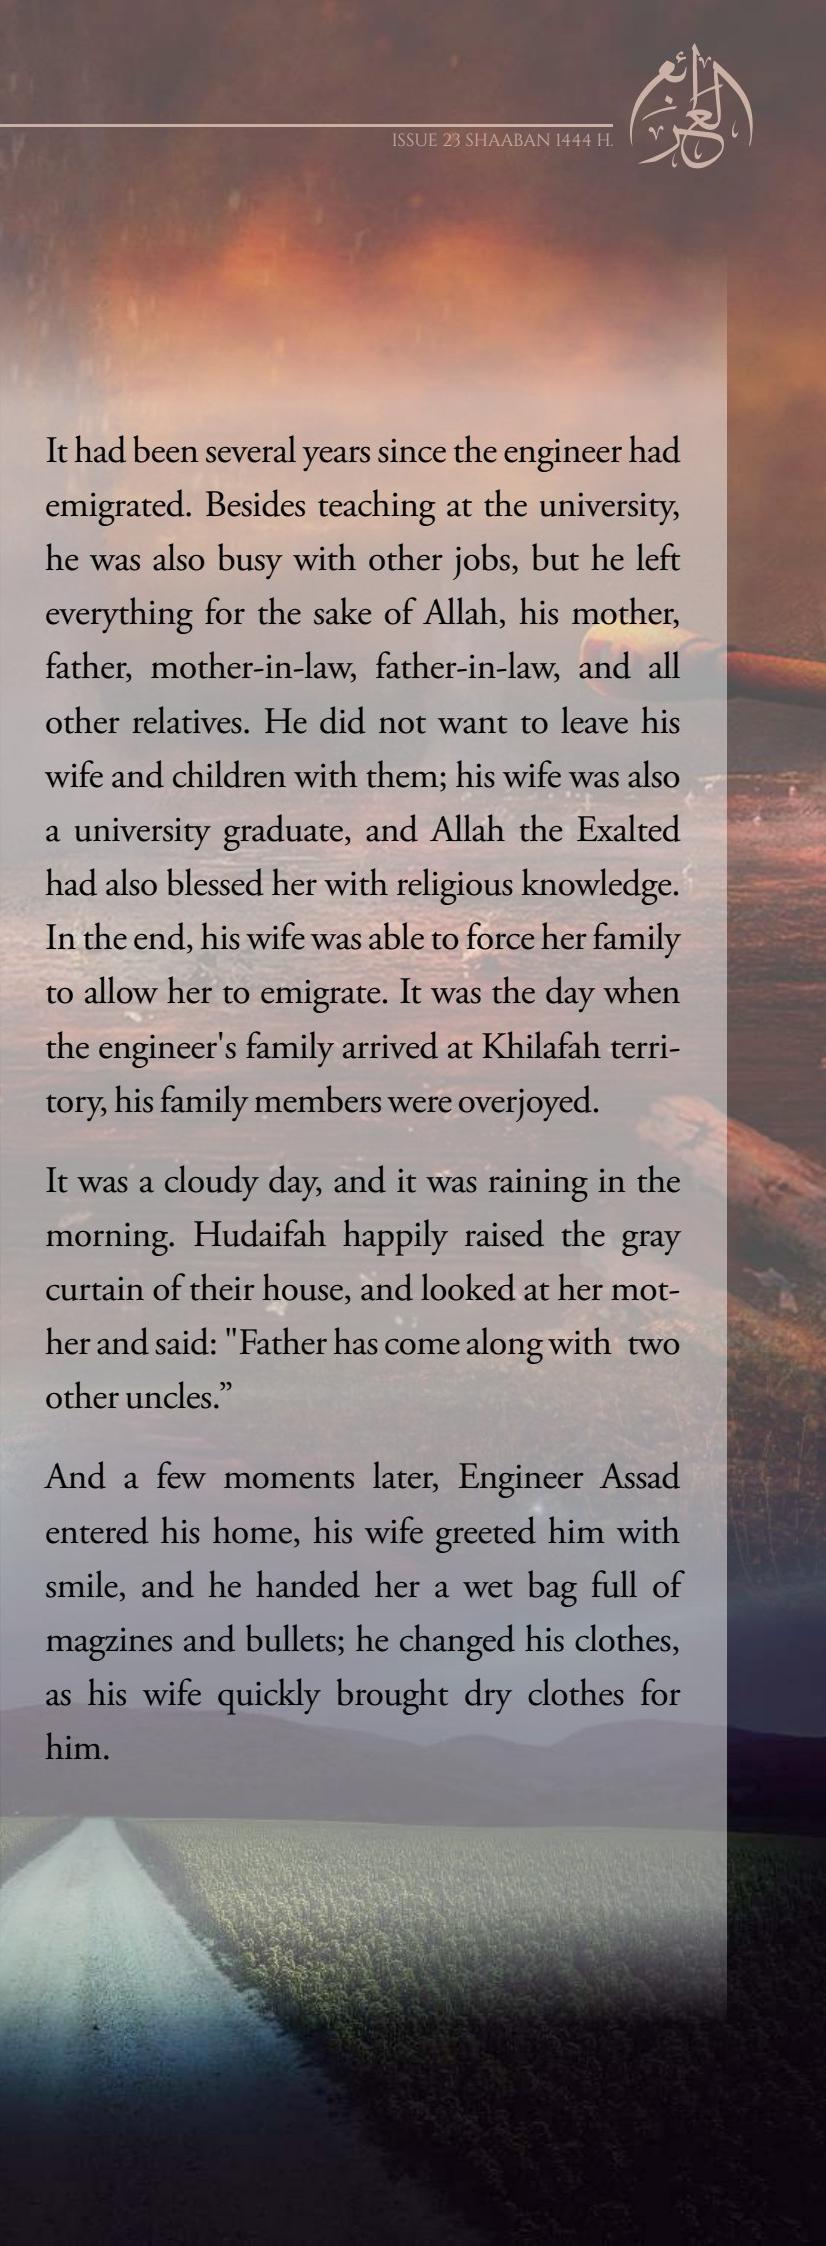

It was a time when there was no way to go out, every living head was being targeted by American drones. It had been almost six months since the Wilayat of Khurasan witnessed unprecedented terror in its territories due to indiscriminate aerial bombardment. This continuous monitoring by surveillance planes and the bombing of different types of war planes and cruises were very different from

that in other years. And six months later, the muratdd Taliban militia came under the shadow of the American war planes against the Khilafah strongholds, while before their operation, such a state of terror had been created in the controlled territories of the Islamic State in Khurasan that almost every single movement in broad daylight had been being targeted by drones round the hours, and the pressures from all sides caused the mujahidin to become very weak due to the lack of ammunition, food, and other resources, and the lack of timely reinforcements on the frontlines. Yet, mujahidin, firm like mountains, has made a strong defensive wall against the the operation of the Taliban murtaddin for the last two months.

It had been several years since the engineer had emigrated. Besides teaching at the university, he was also busy with other jobs, but he left everything for the sake of Allah, his mother, father, mother-in-law, father-in-law, and all other relatives. He did not want to leave his wife and children with them; his wife was also a university graduate, and Allah the Exalted had also blessed her with religious knowledge. In the end, his wife was able to force her family to allow her to emigrate. It was the day when the engineer's family arrived at Khilafah territory, his family members were overjoyed.

It was a cloudy day, and it was raining in the morning. Hudaifah happily raised the gray curtain of their house, and looked at her mother and said: "Father has come along with two other uncles."

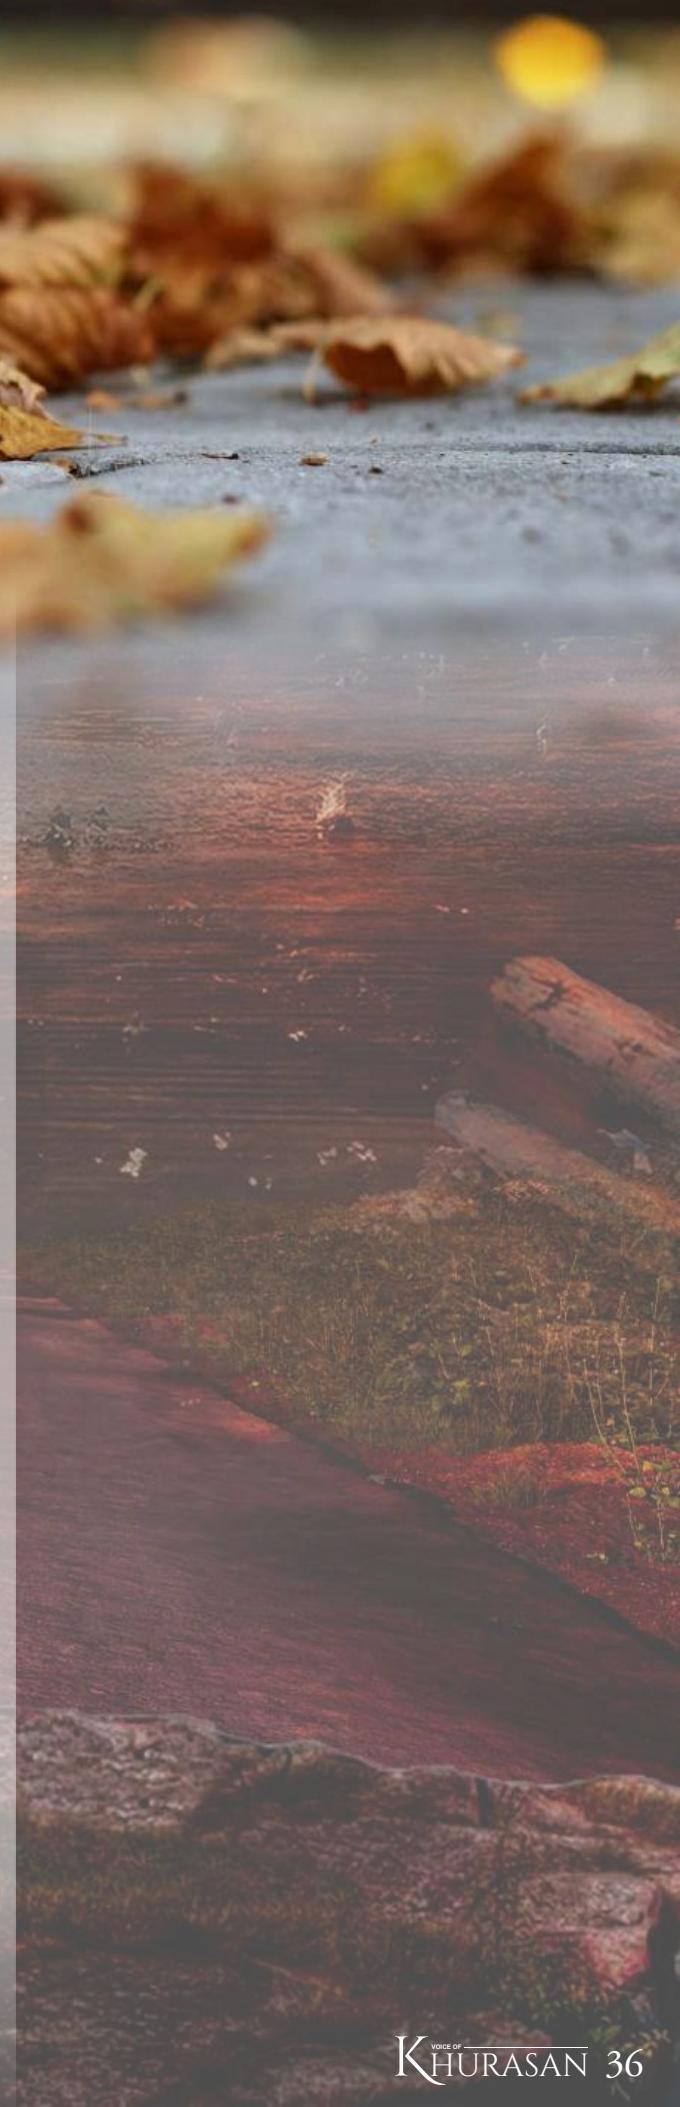

And a few moments later, Engineer Assad entered his home, his wife greeted him with smile, and he handed her a wet bag full of magazines and bullets; he changed his clothes, as his wife quickly brought dry clothes for him.

Engineer Assad asked his wife for two more pairs of clothes for the guests. Hudaifah and Fatima took both of them in their arms and went to the guest room. After a while, his wife prepared tea, but no sweet was served. The engineer asked his wife: "Is there anything to eat? We haven't eaten anything since morning."

His wife replied smilingly: "No, there is nothing left in the house. Be patient. Saboor's father went to the bazaar today, he might have brought something." After a while, she brought food from Saboor's house and fed her husband and the two mujahidin guests who came with him.

At night, the engineer told Hudaifah and Fatima many stories about the frontline, and they were also listening eagerly to these stories, but Hudaifah insisted on his father's going to bring food, including beans, the next day.

Engineer Sahib replied to them: "Kids, if tomorrow is cloudy tomorrow, then I will go to the market and bring food and some beans too."

Next day, it was cloudy, the guests were left and the engineer left the house and went to market. It was late in the afternoon when the sky became clear and the American drone planes arrived. Hudaifah's mother was very worried about her husband, and the sound of shooting of drone missile made her worry even more.

When she saw the smoke rising from the narrow path leading from her house, she thought to herself that engineer must have been shot, she could no longer wait and took Hudaifah and Fatima with her and run towards the smoke. With quick steps, she went to the place of the drone attack; the closer she got to the place of the attack, the more her heart rate increased until she found what caused her worriness already. Her husband's bright face turned red with blood, his beard and hair were burnt, even the stones around him turned red with his blood. Seeing this, his wife supplicated to Allah for granting her patience. She raised his head, and put it on her lap, and she repeatedly cleaned the dust off his face and head.

Hudaifah and Fatima were removing some dusts and cried, "O mother! Our father brought flour, sugar, and beans for us too." After a while, other women came and raised Engineer Sahib's dead body and took him to the graveyard for funeral.

# OPERATIONS THAT PAVE THE WAY TO VICTORY

As the Khilafah soldiers continue waging war against the enemies of Allah, we enumerate some developments during the course of the past few weeks throughout different Wilayat of the Islamic State.

## Sahel Wilayah

Sahel is one of the Wilayat of the Islamic State that has been emerging as a Launchpad in North Africa for full fledged military operations marking heavy casualties in the ranks of the enemy forces, exclusively in the ranks of the murtadd al-Qa'idah militia. And this Wilayat of the Islamic State is spread across vast regions in the Sub-Saharan countries that had witnessed a drastic rise of the heretic al-Qa'idah franchise throughout the last decade until its advancement became seriously threatened by the rise and consolidation of the Khilafah in the recent years in these

regions. So, this jihad claiming murtadd militia (al-Qa'idah) is now desperately striving to make regional and international alliances, without proper scrutiny of the level of kufr of the regional and international parties from whom it seeks assistance against the Islamic State. And the soldiers of the Islamic State deal heavy blow to them and other murtadd factions and armies after every few days, scoring heavy death toll in their ranks and making their operational existence quite questionable in these regions. And such deteriorating security situation in the Sahel region left French Crusader forces and other kufri forces in a deadlock, as the more they are trying to thwart the advancement of the mujahidin, the stronger the mujahidin are becoming in these regions, and the infidel forces are left without any practical solution for filling the security vacuum in their areas.

And in the same series, about 70 members of the murtadd army of Burkina Faso were killed and 5 others were captured in a powerful attack by the Khilafah Soldiers in Oudalan in Northern Burkina Faso of Sahel Wilayah. And in the details, the Khilafah soldiers ambushed a big convoy for the murtadd army of Burkina Faso, during their attempt to advance towards the mujahidin's positions, near the town of Deou in the aforementioned province. The mujahidin clashed with them, using a variety of weapons,

killing about 70 of them, wounding dozens, capturing 5 others, burning an armored vehicle, and seizing a vehicle and about 27 motorcycles as ghanimah as well as dozens of rifles, several rocket projectiles, and a variety of ammunitions, and all praise is due to Allah.

And such a deadly attack left the message to the murtadd armies and militias in the Sahel region that the war against them will continue until the land is ruled by the Shari'ah of Allah, bi'idh-nillah.

## West Africa Wilayah

The Khilafah soldiers blew up a government headquarters for the shirki elections in the Okehi town in Kogi Area in Central Nigeria, by booby trapping it with 4 explosive devices. Then, they detonated them, which resulted in the destruction of parts of it. Then, the mujahidin returned safely to their positions, and all praise is due to Allah. And such attacks targeting the shirki electoral process have seriously threatened the effectiveness and future of this shirki process in Nigeria which has been struggling for years for maintaining security in the country amid the escalation of the attacks of the Khilafah soldiers. "If the insecurity is not monitored and dealt with decisively, it could ultimately culminate in the cancellation and/or postponement of elections in sufficient constituencies to hinder declaration of elections results," said murtadd Abdullahi Abdu Zuru, a Nigerian election commission (INEC) chairman. Initially, mujahidin started jihad in this area being extremely ill equipped, but with the passing of time they have been witnessing great nusrah of Allah Ta'ala, as they are getting enormously stronger in all aspects in this region, and all praise is due to Allah.

## Pakistan Wilayah

With success from Allah, the Khilafah soldiers attacked a checkpoint for the murtadd Pakistani forces in the area of Babri area in Mastung city of Balochistan, using automatic weapons, and this resulted in the killing 2 personnel and the seiz-

ing of 2 rifles as ghanimah. After the successful completion of the operation, the mujahidin returned safely to their positions, and all praise is due to Allah. And this attack has taken place at such a time when the murtadd Pakistani government and its tyrannical military have been passing through one of the hardest chapters in the recent time in terms of security failure and economic downturn inching towards the complete default of the state. Hence, Balochistan holds huge significance for the murtadd government, and the deterioration of security situation in this region means the beginning of the conclusion of their billion dollar projects without any outcome- the projects on which the murtadd government of Pakistan has been working for years in association with China with pretense of mutual benefits for the both countries, while the actual objective was to plunder the wealth of the Muslims.

## Iraq Wilayah - North Baghdad

10 Iraqi forces were killed and injured in a counter-attack by Islamic State fighters in at-Tarmiya district, north of the capital, Baghdad.

Military sources in the Islamic State told Amaq Agency that fierce clashes erupted between Islamic State fighters and large numbers of Iraqi forces during their campaign in the at-Tabi orchards, in at-Tarmiya district.

The sources added that the fighters confronted the campaign with a counter-attack in which they inflicted heavy losses in the ranks of the opposing forces. After the hours-long clashes, 10

Iraqi forces were killed and wounded, where among the dead was a lieutenant colonel who served as the regiment commander.

The sources told Amaq that it is denied what the Iraqi government spread as rumor, that the campaign thwarted an attack intended to target visitors to Shiite shrines, and indicated that the campaign took place in an area where Islamic State fighters are active and witness such confrontations from time to time.

### Mozambique Wilayah

The Khilafah soldiers attacked a barracks for the Crusader Mozambican army near the village of Naruto in Montepuez region of Cabo Delgado using automatic weapons, when they killed 5 personnel, forced the rest of them to flee, burned the barracks and 3 vehicles, and seized a variety of weapons as ghanimah, and all praise is due to Allah. The escalation of the Khilafah soldiers' attacks has become a major concern for the Mozambican government which has been suffering huge economic setbacks due to attacks of the mujahidin in the mineral rich country. And such deadly attacks caused continuous mass displacement of the Crusaders in north-eastern areas of Cabo Delgado province, although the Crusader government has adopted all possible means for thwarting these attacks, but it has ended up in complete failure, causing frustration in the ranks of the Crusading masses.

AND GAS BALLOON INTIMIDATES THE  
**GOLIATH**  
*of the Time*

America, the largest military spender of the earth, is now afraid of gas balloons flying over its sky. And such a fearful response overlooked its own unwholesome records of worldwide surveillance and bombing for the sake global policing.

Tyrannical military powers are sometimes afraid of their own ominous shadows, and such a fear sometimes makes them more aggressive, just as venomous snakes bite out of fear.

Accordingly, for example, in the year 2021, in Bulgaria, the US army attacked a sunflower oil factory. And the Italian army, in the same year, erroneously bombed a poultry farm in its country. And a bit earlier, in 1788, the Austrian army, in the Battle of Karansebes, mistakenly attacked itself, which resulted in some 10,000 casualties.

Now in the same vein, another strange military show has been staged but not without purpose.

On the 4th February, an American fighter jet shot down a "Chinese spy balloon," as the Goliath of the time claims, near the coastal areas of South Carolina, while it was simply a weather balloon that was turned away from its course, as per the claim of the Chinese infidels. However, this defenseless airborne toy was eliminated by a \$400,000 Sidewinder missile, and this too expensive weapon system was chosen by the Goliath of the time in the following weeks while dealing with similar valueless unidentified worries flying in its sky.

However, the US officials forgot not to immediately come up with huffy and belligerent statements in their war of rhetoric, when Taghut Joe Biden, haughtily, refused to

express any apology for taking out the Chinese balloon, although the US officials didn't deny the possibility of hobbyist being behind such unidentified worries. Hence, the most interesting part of this comedy show is that the largest military spender of earth, the Goliath of the time, takes out such mere hobbyist's balloon with multimillion dollar priced weapons without proper scrutiny. So, the viewers of this comedy show possess every right to question the intellectual level of this so called "strongest military power" of the world, since it can spend in millions for eliminating mosquitos without waiting for a while to trace out where these mosquitos are coming from. Actually, if someone becomes too blind out of pride, he can't really make proper utilization of his intellect. Another interesting part of the show is that such an unidentified gas balloon can cause great fear of the US, a big monster deprived of sound intellect, so what if the unidentified soldiers of Allah bring American cosmopolitan cities to knees due to the flames of just terror that the Goliath failed to deal with effectively up until now, since it has found no way for tackling the "open source radicalization" other than isolating the citizens of the no.1 country of the world by disconnecting the internet service, which is like striking own leg with axe.

On the other hand, in response to the scenario of spy balloon, Taghut Wang Yi, the top diplomat of communist China, satirically categorized America's behavior as "almost hysterical," urging the brainless Goliath "not to do such preposterous things simply to divert attention from its own domestic problems".

On the other hand, America, the biggest imbecile monster of the time, has been suffering from plentiful of terrestrial issues, which appear to be more concerning than a gas balloon off the South Carolina's coast. And these issues include improper healthcare system, homelessness, and regular mass shooting which has turned out to be one of favorite US leisure activities these days, although the imbecile Goliath is himself to be blamed for such unstoppable menace which is an outcome of its own foreign policy. And as part of the unwholesome horror show, recently, a gunman in a town in Mississippi shot six US citizens, at a time when the dumb Goliath engaged himself in staging a comedy show regarding spy balloons flying over his sky. However, this comedy show is not fully comical, given that the US seems to be worried about the secrets in its territories that it is meant to be shared with the rest of the world, although its own records of attempting to monitor every human of the planet- Muslims in particular- might be

more enriched than any other global player. Undoubtedly, America, the chief of the defiantly disobedient nations of this age, claims to be the only authorized "Global Police Force" of this era, and it doesn't deprive even its own citizens from its surveillance activities. For example, let's recall FBI's controversial long records of decades-long wiretaps and sudden physical searches of its citizens, apart from widespread surveillance of CIA on the international level during the Cold War era, and such global surveillance is still going on at the hands of the US. And now with the pretense of the alleged "war on terror," the FBI has significantly busied itself in violating the basic civil freedom of US citizens, and the Muslims in US have been exclusively targeted with plentiful of unwarranted surveillance, and many Muslims have been accused of FBI-sponsored so called terror plots. However, the US law enforcing agencies could not make even a slight advancement in thwarting the real wave of just terror on the US soil.

However, the US feels really uncomfortable when other disbelieving powers of the world, including the communist China, want to challenge America's hegemony in global surveillance. And if one takes a look at the Chinese infidels' surveillance policy on the Uyghur Muslims, he or she might find that these far eastern infidels are not less barbarous than the US Crusaders when it comes to dealing with the Muslims.

Nevertheless, Taghut Biden administration must be bragging about their "tough on defense" stance through eliminating spy balloon, as significant (!) as mosquito, with a \$400,000 air-to-air guided missile. And in the coming days, you might be seeing the high-tech dumb-headed Goliath of the time investing billions in R&D projects for developing high-tech systems for preventing extra-terrestrial suspicious mosquitos from entering their airspace, as the

balloon's "caliber" is currently being examined at the FBI laboratory in Quantico of Virginia, after recovering it off the Atlantic coast. It seems that the US vows to make its lands and skies impenetrable, although there remains the question about what might happen in case of the land of the Aad and Samud of the time fall victim to deadly earthquakes that happened in Turkey in the recent times.

Eventually, the spy-balloon-phobia of the tyrannical Goliath is quite justified under the consideration of his own crimes throughout the lands of the Muslims, when he penetrated their land and airspaces, massacring innocent Muslims en masse, without discriminating between children and elderly, or men and women. So, now he is even afraid of his own shadow, which is the bitter truth about every tyrant in the history. And such a scenario readily raises the question about America's capability of digesting another 9-11 styled heavy blow to its mainland.

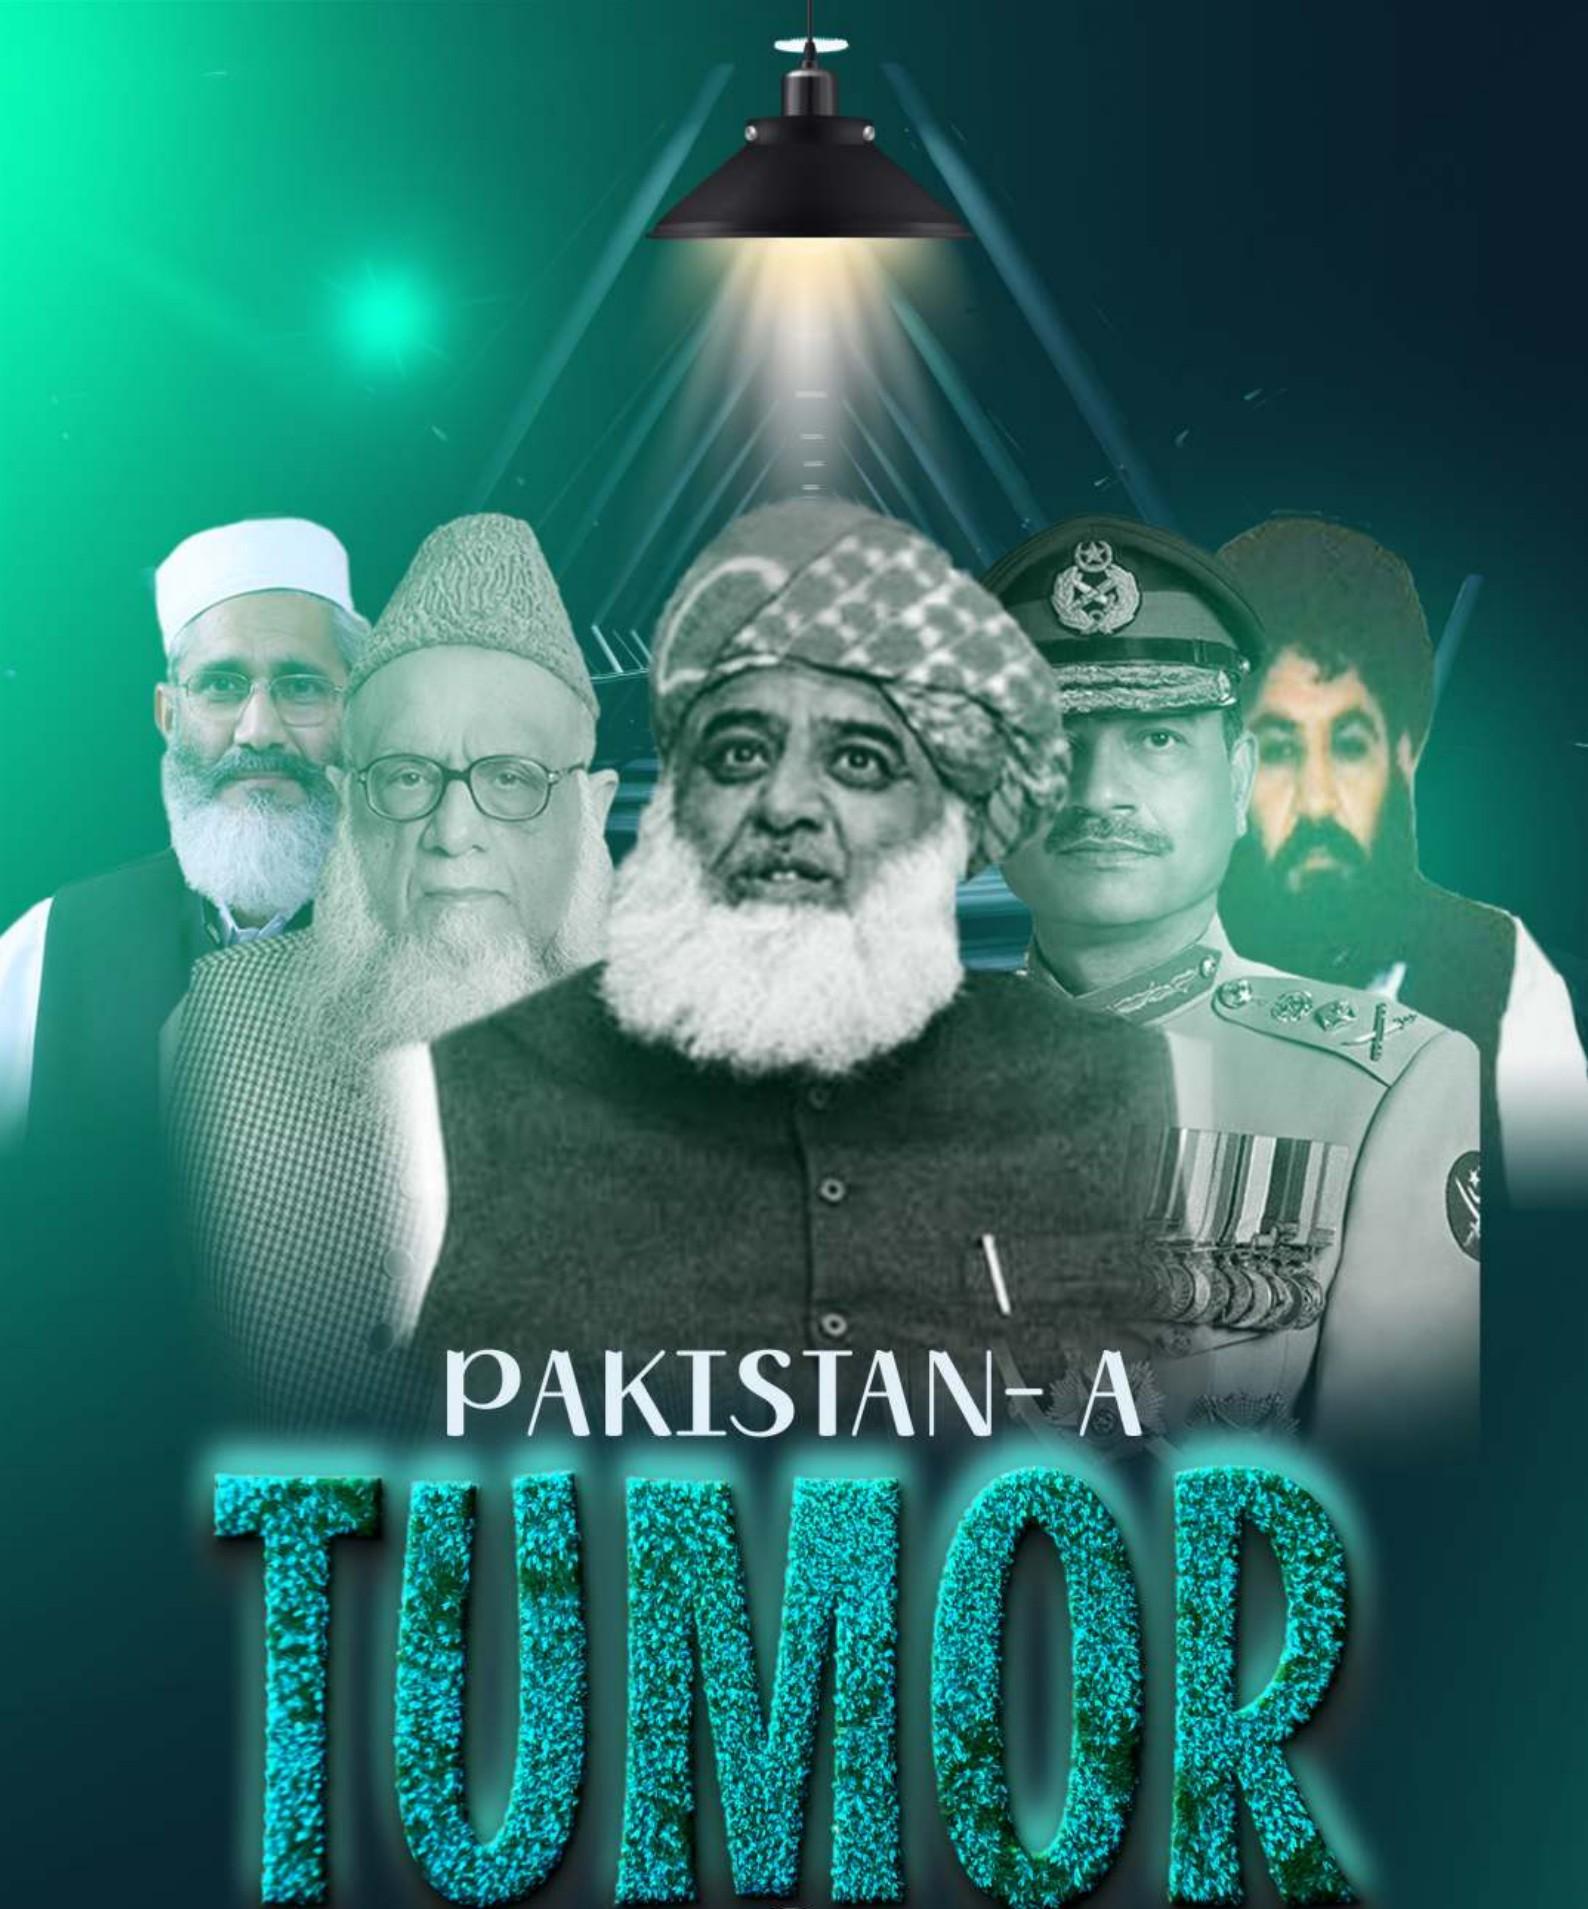

Shaykh Abu Hamza al-Qurayshi, may Allah accept him, said:

"And I say to Muslims everywhere:

The knowledge of the Tawagheet and their followers and supporters have been revealed to you after we warned you about them for many years; it is without doubt that they wreaked havoc in the land and revealed their disbelief, and announced that they are the laborers of the Crusader countries, as they move according to their wishes, so their forms of friendship and subjugation to the Tawagheet have become clear in front of your eyes. The Tawagheet asked their magicians, the "donkeys of knowledge", to legitimize their actions to you, so that you may befriend the Jews like them, commit corruption, be humiliated, and even abandon your religion, but I wish my people knew; Therefore, the Arab Tawagheet, who are the rulers of the lands of the Muslims, were standing with all the parties of disbelief and apostasy, although they are not originally Jews, (even) before they were allowed to sit on the seats of legislation and governance, when their actions became clear to you and their work was revealed to you; So, now what are you doing after they have taken your pride and honor before your eyes and sold that to the Crusaders and the Jews?! So, shall we now see you rebelling against the tawagheets, targeting and burning the institutions of their activity? Or shall you stay behind the same social networks? For years, you have been deceiving yourselves and turning your anger into blame and condemnation, which is remembered as "solid anger". So the Muslims everywhere should know that we are free, we are not slaves, and this steal cannot be raised by condemnation, blame, or intimidation, but it can be raised only by force and severe violence."

CELL IN THE BODY

OF THE ISLAMIC UMMAH

All praise is due to Allah ,and peace and blessing be upon Prophet ,and as for what follows after:

'Umar bin Khattab, may Allah be pleased with him, said: "Verily, we were a disgraceful people and Allah honored us with Islam. If we seek honor from anything besides that with which Allah honored us, Allah will disgrace us."

Certainly, this Umari statement is a bone line. When Muslims choose the systems of the infidels as a model for their success, then Allah Ta'ala afflicts them with the punishment of humiliation. A clear example is the apostate leaders of the country of Pakistan- the Pakistan that came into existence with the slogan La ilaha ill Allah, but it is still a part of the British colony, and today it is facing its worst downfall in its 75-year-old life.

The stormy left of the political and economic crisis has diverted the ship of the government towards the direction of ultimate destruction; this tyrannical government has become a victim of the rivalry between Russia and America, some of its political parties preferred Russia's

slavery and political and economic colonialism, while others preferred America's slavery. In this battle, the United States succeeded and deposed the Russian backed government and brought together all the political parties to form an all-inclusive government loyal to the US.

At the same time, Pakistan's army intelligence, which is the "behind the curtain" kingpin running Pakistani government, entered a new phase. Pakistan's former Chief of Army Staff, Qamar Javed Bajwa, retired after serving a six-year mission, and he took General Asim Munir to America; the Americans liked him and sent him to Pakistan with a new plan.

There were many challenges before this new slave government and army, the biggest of which was the economic problem, because Pakistan is in debt to the World Bank till now. Furthermore, the Prime Minister got tired of begging, as he said, "Everywhere I look, there is a debt; every friendly country I call, its government officials do not answer my call because of the fear that I will ask for a loan again." To solve these problems, Taghut Shahbaz Sharif went to Saudi Arabia but

returned empty-handed, then he went to the UAE, Qatar, and other Arab countries, but he did not get anything, then he went to Turkey, China, London and the United States. He also met with the presidents of Russia and Iran. In short, this dishonorable person went to every street of the world, when the masters of disbelief dispelled him from their doors, and such is the unpleasant reality of a tyrannical slave.

In spite of so much exhaustion, he could not find any support for his fallen livelihood. Finally, he started traveling to the Arab world so that he would not ask for loans, but wanted to receive a little more time for paying the previous loans. Hence, he had some achievements, as the United Arab Emirates extended the period to repay the 2-billion-dollar loan.

But the leaders of the Pakistani government, on the verge of collapse, still did not give up their disbelief, and did not submit to the Lord of the all the helpless servants instead of the servants, and instead of the holy Islamic system, they threw themselves into the arms of the infidels, instead of the Almighty Creator, subjugating themselves to the law of the weak and feeble creature.

To please them, they even advanced in their disbelief, as they passed LGBT friendly laws, and on that vile basis, they allowed the public exhibition of homosexuality, when groups of boys would stand at the doors of the Mullahs to register their marriage, and taking the advantage of this devilish law, girls would leave their homes. In order to free themselves from the restrictions imposed by their parents, the unmarried girls turned to the government, when it also gave them permanent shelter

for allowing them to lose their honor and virginity, and their humble parents cried day and night. This is one of the reasons behind the economic downturn of Pakistan, because it is the law of Allah Almighty that obscenity increases poverty, when the economy is multiplied by nothing but zero, so the apostate government of Pakistan has fallen further and is biting itself like a mad dog, and it is willing to do anything for the sake of dollars. So, in the same series, the intelligence of Pakistan (ISI), like that in the past, once again is passing through difficult days due to declining economy, when it has gathered a few Bal'amah (the chiefs of those who spread mischief upon the earth) from Khyber Pakhtunkhwa state, and they published a resolution, calling the system of Pakistan as the Islamic system and the war against it illegal, and a few days later, Mullah Mufti Taqi Usmani, the chief of the palace scholar of Pakistan, also put his evil tongue into motion in support of the Taghuti government and army of Pakistan, calling jihad a rebellion against Pakistan's Taghuti system.

Taqi Osmani is the teacher, spiritual leader, and religious leader of all the Taliban who deem him Shaykh al-Islam and the Imam of the time, while

based on his fatwa, they were fighting in Afghanistan, and detonating explosives in the mosques and other places of worship. However, after the handover of Kabul's authority to them by the US, Taqi Osmani traveled to Afghanistan and was very happy with the surrender of his students to Crusaders, when the leaders of the Taliban bowed their heads out of respect for him and put their hands on their chest out of immense love for him.

Therefore, on this basis, we considered it necessary to look at some aspects of the Pakistani blasphemous system based on the demands of the time, so that we can understand the truth of these Bal'amah, Allah willing.

After suffering devastating aftermath due to the world wars, the British Tawagheet became weak, so they decided to leave India, while in the heart of Asia, they didn't forget to leave their loyal bootlickers named Pakistan. The government of Pakistan has been maintaining the legacy of British slavery ever since; their law is derived from the laws of the prominent British Taghut named Lord Michael, where the only change made was the inclusion of Islamic prefixes and suffixes, as they named the state "Islamic Republic of Pakistan", accepting secularism as the state religion, and handing over the authority of the country to the army and intelligence agency, instead of political parties. However, many times the murtadd army felt the need of intervention and appeared on the scene, such as from 1958 to 1971, from 1977 to 1988, and from 1999 to 2008, the army directly intervened and took the system directly in its hand. And at other times, the Pakistani army held elections for eye washing the general masses and

then selected qualified secular politicians according to their own preferences and that given by the US and the West, but those secular politicians could never enjoy autonomy to the fullest extent. Today, you must have heard Pakistani journalists saying on television that the current Prime Minister Shahbaz Sharif saying that during the 2018 elections, two army generals and the intelligence chief, that is General Qamar Bajwa, General Naveed Mukhtar, and General Faiz Hameed, summoned Shahbaz Sharif, the then deputy of the political party, and held a meeting with him about signing the power agreement, But some conditions were not fulfilled by him, because the leader of their party was his brother. So they (army personnel) called a secular and atheist person, Imran Khan, instead, with whom they agreed, and they declared him the winner of the elections and made him the Prime Minister of Pakistan, revealing the reality of democracy in a third world Muslim majority country. However, three and a half years later, when the Prime Minister of Pakistan attempted to strengthen their relations with Russia, the military colonels removed him from power at the behest of their western masters and replaced

him with Shahbaz Sharif. So outwardly, only the faces of the politicians in Pakistan are changing, while the elections are nothing more than TV serial, and all other control is in the hands of the army and intelligence, and the most humiliating methods of the world are manipulated by the army to control Pakistani politicians; for example, pornographic videos of politicians and their family members, alcohol and other obscene gatherings, illicit relationships with women, evidence of immorality in nightclubs in foreign countries, documents of theft, corruption, extortion, blackmail, and other records of their heinous crimes are systematically stored by the intelligence agency in its database, and in case of any possibility of their disobedience, the intelligence agency publish them one by one with a view to bringing back the bird that have flown from the nest.

Likewise, the intelligence agency changes its color like lizard according to the time and place; sometimes it appears in the Islamic cloak for defaming the name of the Islamic groups, and sometimes it puts on the cloak of Sufism for its own purposes. Besides, it also incubates armed factions and militias with the empty chants of jihad.

When the Soviet Union attacked Afghanistan and wanted to reach the warm waters (Indian Ocean), Pakistan felt itself in danger, and their western masters had already realized these concerns; so the master and the slave devised and implemented a master plan. The US asked Pakistan for some cunning military colonels with proper religious knowledge and gave them complete training in fascism, orientalism, occupation with religious pretexts, and colonialism along with intelligence training in Pakistan and America, and then brought them to the practical field with proper supervision.

In the book "Afghanistan- The Bear Trap", the Pakistani army Colonel Muhammad Yusuf and one of his American masters, Mark Adin, revealed the secrets of the leaders of the seven organizations (of the mujahidin) that fought against the Soviet Union.

Colonel Muhammad Yusuf has mentioned all his actions, how they utilized and manipulated the feelings and sacrifices of the general Afghan people in an unhealthy way. In the introduction to the book, he introduces himself: "My job in ISI was to promote and lead the war in Afghanistan, this office entrusted me with the task of carrying out the war in Afghanistan. I was not only tasked with training and arming the mujahidin (!), but I was also required to lead their operational plans inside Afghanistan."

In order to suppress the Soviet occupation, the US directly monitored the battlefield; William Kissie, the head of the CIA, and General Akhtar, the head of the ISI, gave assignments to Colonel Yusuf and

evaluated his activities. Until then, William Cassie and General Akhtar used to visit the military centers of the mujahidin (!) in Peshawar.

Colonel Yusuf revealed that ISI Chief General Abdur Rahman Akhtar as the main planner and inventor of Afghan resistance against the Soviet invasion and lauded him. General Akhtar was in charge of the ISI for eight years under the leadership of General Zia al-Haq. Although he was killed in an air accident on the 17th of August, 1988 along with General Zia al-Haq, their juniors who remained behind continued their work and kept the fighting groups in their arms.

After General Abdur Rahman Akhtar, Pakistan's ISI Chief General Hameed Gul became a promi-

nent figure in the training of leaders of fighting groups. He was sent by military personnel, and trained by the US and Pakistan for achieving their goals through him.

Under the leadership of General Hamid Gul, and Sultan Amir (Colonel Imam) was the former senior officer of ISI who had also played a significant role in these intelligence projects, and many Pakistani soldiers and colonels have led the mujahidin in these mountains and hills under the slogan of "Jihad of Afghanistan for the Defense of Pakistan".

Colonel Imam portrayed by the Pakistani intelligence in the media as a hero in the Soviet war, and that is why his name is remembered with the Soviet war. In 2009, Colonel Imam spoke to a Paki-

stani journalist on Geo TV's "Javada" show about his relations with fighting groups: "For the first time when I went to the United States for military training in 1974, I came into contact with fighting groups..." He acknowledged the creation of seven organizations in Peshawar by Pakistani leaders: "...Bhutto Nasirullah told Babar to organize them (mujahidin)... Babar Sahib was a prudent and knowledgeable person.

He founded a political party to organize them. Rabbani Sahib, who was a professor, and Maulawi Khalis also joined the group... Putting Afghans together is like counting frogs in a dead pond... It took six months to put them together. There were 35 new youths (referring to Gulbuddin, Mas'ud, and Rabbani) who fled to Pakistan after the failed coup and defeat. As a result, the [mujahidin's] group was formed with two leaders, and I was a student of Gym Commando Military School of Peshawar at that time."

In response to the journalist's question, "In addition to 95 thousand people, did you also train Mullah Umar, Gulbuddin, Ahmad Shah Mas'ud..." he answered: "Yes. But I was not alone, there were about 200 officers who were training us and were divided into 12 or 13 groups."

Not only that Colonel Imam and Pakistani military officers trained the former mujahidin, but when the riots and wars among the mujahidin

went too far, the ISI thought of bringing another party with the name of Tehrek of the Taliban, and regarding this too, there are many confessions and statements that have resurfaced from Colonel Imam's mouth. He said: "Mullah Umar came to the camp, he was given military training there... He was in Rabbani's party... He took part in the war after his training and got injured, we treated him in Karachi... He and I had a meeting in 1995."

He proudly named the leaders of the Taliban as his students, saying: "Mullah Yar Muhammad, Mullah Abdur Razaq, Mullah Rabbani, and other Taliban commanders were my students... I suggested them to give military training to the students of the madrassas, because they are very good in learning... I suggested Mullah Umar not to get involved in a frontal war with America, but to fight a guerilla war... They (the West) had armed an infidel like Dostum to fight against the mujahidin and entered the war."

In his book [having 161 pages], American journalist Steve Cole has quoted the presence of Colonel Imam in the Taliban's attack on the city of Mazar with these words:

"In the week that Bin Laden's followers attacked two US embassies in East Africa, the Taliban, along with the Taliban of Pakistani madrassas, were increased in numbers and were supported by Pakistan's intelligence agency. They captured the city of Mazar-e-Sharif, when Colonel Imam, an ISI officer, said in a telephone call recorded by the Americans: "I and my sons are entering the city of Mazar-e-Sharif."

Colonel Imam wrote in his book "The Tale of Afghanistan's Jihad": "Among the people we gave training was Amir al-Muminin Mullah Umar."

He wrote in another place: "For this group, we appointed a strong and talented religious scholars as their leaders; Mullah Umar, Mullah Rabbani, Mullah Burjan and... were the members of this ideal group of 35 people that we took care of..."

Our point was to mention a few of those hundreds of examples in order to make it clear to you that Pakistan's intelligence services retained their ominous grip on the jihadi arena for their own interests.

As you see that it led seven organizations of mujahidin against the Soviet Union, but when the leaders of these organizations gained direct contact with the international intelligence agencies and attempted quit the grip of Pakistan ISI, the ISI created the Taliban group for achieving its purpose, but when the US wanted to invade Afghanistan, General Pervez Musharraf paved the way for them and handed over some Taliban leaders, with their hands tied, to the US.

On the other hand, they re-armed the Taliban commanders, who were committed to serve Pakistan's interests against America, and they were conducting operations with the support of Pakistani intelligence, until the death of General Hamid Gul, the former head of Pakistani intelligence, when the then Taliban leader Akhtar Mansoor said that one of their hands was amputated due to the death of Mullah Umar and the other hand was amputated due to the death of

General Hameed Gul. When the process of selling Taliban militias to America started by ISI, you all witnessed that Zalmi Khalilzad had continuous meetings with General Qamar Bajwa and finally reached an agreement regarding Taliban, and the handover of the Afghanistan to the Taliban militias was followed by the visit of chief of Pakistani intelligence, General Faiz Hameed, to Kabul. He was very happy with the rule of his militias, and he made a cabinet for them and went back. In short, the story of the Taliban started with General Hameed Gul and Colonel Imam and is still managed by General Faiz Hameed, General Bajwa, and General Asim Munir, and so on.

The Pakistani intelligence had also realized that some former organizational leaders have gone out of their hands, so some necessary steps should be taken for the permanent control of the Taliban. So, ISI kidnapped the family members of some Taliban leaders, confiscated properties of some others, and treated some of them in the way it used to treat Pakistani politicians, that is recording indecent videos of them, because if other leaders of Taliban fall into the traps of international intelligence agencies, then these leaders will always be committed to the interests of Pakistan, due to their confidential records of immorality with them.

In addition to Afghanistan, Pakistan is also carrying out its war of ignorance in the name of jihad in other places, such as the war against India in Kashmir is termed as "Jihad fi Sabilillah", and for this it makes money, collects goods from people, and even collects animal's skin.

Now the readers may have this question that all the self-proclaimed jihadi movements in the region are created by the Pakistani intelligence, so how can the mujahidin of the Khilafah be trusted that they do not have any ties with the kufri intelligence agencies?

The short answer to this question: All praise is due to Allah, for He the Almighty has given us sound intellect and consciousness, with which we can distinguish between black and white, good and bad, truth and falsehood, and with which we understand rational and logical arguments and take decisions. The practical policy of the Islamic Khilafah against international and local disbelievers and apostates, including Pakistan, is clear to

you. The Khilafah soldiers are practically engaged in war with Pakistan, both militarily and intellectually, and they have been making immense sacrifices in different areas of Pakistan; Karachi, Quetta, Peshawar, and tribal areas are witness to the actions of the Khilafah soldiers.

On the contrary, Taliban murtaddin, the militias who support the murtadd Pakistan regime, deem Pakistan their second home and blowing up their master's house an act of terrorism. And whenever the Khilafah soldiers dealt a heavy blow on the Pakistani forces, Taliban murtaddin expressed their grief over it, calling the filthy dead soldiers and policemen of Pakistan martyrs, since the seniors and juniors of this murtadd militia have their houses in Pakistan, where they can roam freely. All praise is due to Allah, the mujahidin of the Khilafah are free from such shameless demonstration of alliance with kuffar and murtaddin, and their leaders have no connection with the ISI, and their enmity with the ISI is like the bright sun, and denying it is ignorance and bigotry, and considering the Khilafah mujahidin the agents of kufri intelligence agencies goes against the clear prophetic narrations, because Prophet ﷺ said: "A group of my Ummah will always fight for the truth and their center will be in Sham."

On the other hand, it is a well-known fact that the Pakistani intelligence has given birth to many fighting factions in the name of jihad, such as the fighting factions during the Soviet era, Taliban during the post-Soviet era, Hizbul Mujahidin, Badr Mujahidin, Jaish-e-Mohammad, Lashkar-e-Taiyyebah, and so on.

Likewise, the other face of the Pakistani army and intelligence is resembled by the pro-republic agents in the cloak of scholars, who work for the implementation of a secular system in the name of religion, and build bridges between the religious groups and murtadd army and its intelligence.

For instance, ISI has created Lashkar-e-Taiyyebah in order to tame the muwahhidin and Ahl al-Hadith and to use it for its own benefit. The members of Lashkar-e-Taiba are the evil forces who are- actually- the bearded guardians of Pakistan's kufri law, i.e. Lord Michael's law.

If the youths living in Pakistan become passionate for waging jihad, these evil scholars, who are loyal to the Pakistani regime, literally kidnap them and direct them towards Lashkar-e-Khabitha (Lashkar-e-Taiyyebah), and they put collars on the necks of those young men who have risen with the feeling of fighting kufr but have ended up in the Lashkar-e-Taiyyebah's camp of apostasy. Similarly, ISI has created the group called Jaish-e-Muhammad for the followers of the Hanafi madhab, who also sacrifice their life and wealth for the sake of the interests of Pakistan. And another ISI project is the murtadd Taliban militia whose sole goal is to transport the fruits of struggles to the warehouses of the infidels. Meaning, there no is opportunity left by them (Pakistani Tawagheet) for the Muslim youths who want to rise up against disbelief and tyranny with complete sincerity. And the same palace scholars of Pakistan invent Shari' justification for every wrongdoing of the murtadd government and its army, and among them the name of Taghut Fazlur Rahman comes first.

Yes! This is the same Mullah Fazlur Rahman who confessed to the reporter of Geo News in front of the whole world: "Yes, I have also issued fatwa allowing US drone strikes in Pakistan."

In the land of Pakistan, this tyrant had also authorized the killing of innocent Muslim women, children, elderly, and mujahidin in exchange of millions of dollars. In 1998, a delegation of the Pakistani government, led by a Taghuti Mullah of the same group (who later defected from Fazlur Rahman's group and formed his own party), went to Israel to establish relations with them.

Apart from this, the Pakistani government has sent delegations three times to establish relations with

Israel. Fazlur Rahman is the perpetrator who was a partner in every crime committed by the infamous General Musharraf during his reign.

These are those who spread mischief upon earth by changing the religion of Allah in different times. In 1991, when Pakistan was under the rule of an immodest woman Benazir and did not pay any

attention to Fazlur Rahman, so he issued a fatwa saying that women's rule is not permissible in Islam. But when murtadd Benazir issued him a permit to bring diesel to Afghanistan, he kissed her feet.

A person who sells his faith and conscience for a diesel permit will readily do business on the honor and lives of Muslims for dollars.

This is the Fazlur Rahman who is so involved in the politics of infidelity that he considers it normal to mingle freely with immodest women, shake their hands, and even physically touch a non-mahram woman.

He defamed the name of Islam and its scholars. Journalists asked him: "Maulana Sahib, if this

woman, whom you bring in every meeting day and night for the sake of politics, with whom you travel and hold rallies and conferences, becomes the Prime Minister, do you deem it permissible in Islam?"

But this Taghut knew that his old fatwa would be reminded to him that the leadership of a woman is not permissible in Islam, so he preferred to keep silence.

This is the same Mullah who yesterday called politicians thieves, bandits, corruptors and traitors, and today he is happy with his two or three ministries in the Taghuti government and his sincere service to the kufri system.

And the journalist asked him: Maulana Sahib, you said yesterday that they are thieves, corruptors, and traitors, but now...?" Then he told him to leave these questions and continue.

This is the Taghut who serves disbelief in the dress of scholars. If we talk about the apostasy of Fazlur Rahman and his group, the discussion will be very long, but we will point out some of the actions of these apostate groups in the current government, so listen to the words of the Minister of Fazlur Rehman's group.

When he went to Christmas celebration with Prime Minister Shahbaz Sharif, he assured Christians: "I don't give anything to the Jama'at and Madrassas (of the Muslims), rather this ministry is for the non-Muslims. I will build temples, churches, and shrines!!" And such is the speech of the Minister of Religious Affairs of Pakistan, let alone other ministries??

What business have these people run in the name of religion? Celebrating Christmas, going to their churches, and taking part in the shirki ceremonies!! And yet they claim themselves to be the religious leaders!?

One of the major defects of the contemporary republican and secular system is that when a Mullah or a so called religious person gets a ministry in the government, he tries more than other secularists to prove himself as truly republican and secular. He goes a few steps ahead of them in disbelief, in order to dispel any doubts and suspicions about the presence of Islam in his mind, and this is fruit of secularism, if not, you can consider the

statements this tyrannical minister made in the church- statements of disbelief which even surprised the disbelievers in neckties. And he said: "If any of our ministers had made these statements, they would not have been freed from the fatwas of the people, some would have called him a Jew and others would have called him a Christian." However, everything is justified for Fazlur Rahman and his party, as if religion is right in their pocket!

And their party tries to mix Islam and kufr, promoting the ridiculous idea of interfaith dialogue and making pickle out of Islam by pouring into it elements of Judaism, Christianity, Hinduism, and so on. And Taghut Fazlur Rahman and his party will only be appreciated, if this pickle is accepted by the people.

These tyrants have taken upon themselves the unattainable objectives of destroying and distorting the Holy religion of Allah the Almighty.

pay attention to what they have been doing and saying. Elsewhere, the minister of the same group said that Islam and the constitution of Pakistan guarantee all kinds of religious freedom, and in order to prevent the division in the society, all religions are respected.

It means that there will be religious freedom for Zoroasterism, Rafidism, Qadiyanism, idolatry, and even the worship of the special organs of man, and other such false beliefs and polytheisms?

And it is the common rule of the secular systems to ensure freedom for every disbeliever, no matter how filthy his disbelief is! And this perfectly resembles the disastrous scenario, where the infidels try to give a kufri system the Islamic color by giving paid Mullahs positions in the Taghuti governments. So, now you decide whether these Mullahs have benefited from politics or ruined their religion and Hereafter because of few dollars?

Accepting the constitution of Pakistan is a blatant kufr, and freedom of belief is written in the constitution of Pakistan.

"This law includes equality, equality before the law, social, economic, political justice, and freedom of thought, expression, belief, religion, worship, and society." [Preface p. 2]

"Every citizen has the right to follow his religion, practice it, and call [others] to it." [Part 2/Chapter 1/Article 20/Section A/Page 12]

"Every sect, belief, thoughts, and religion" enjoys freedom, and the condition of Islam is absent. Such a kufr has been enforced by the Taghuti scholars like Fazlur Rahman.

Thus, freedom is given to Christians, secularists, communists, Dahrис, Qadiyanis, rejecters of Hadith, Rawafidh, Barelvi, and all other deviant groups which have not revealed their heresy yet. And this is a clear opposition to the Quran and the Sunnah, and this is blatant kufr and parting from the Millah of Ibrahim, while in the religion of Allah, there is no permission for other religions except Islam, and Ahl ad-Dhimmah (people under covenant) such as Jews, Christians, and Majoos can only exercise their religion in exchange of jizyah with humiliation to the fullest extent.

Giving freedom to disbelief is not Islam but disbelief. Allah the Exalted says: {**Certainly, Allah's only way is Islam. Those who were given the Scripture did not dispute 'among themselves' out of mutual envy until knowledge came to them. Whoever denies Allah's signs, then surely Allah is swift in reckoning**} [Aal-i-'Imran: 19]

Allah Almighty says: {Remember' when Allah made a covenant with the prophets, 'saying,' "Now that I have given you the Book and wisdom, if there comes to you a messenger confirming what you have, you must believe in him and support him." He added, "Do you affirm this covenant and accept this commitment?" They said, "Yes, we do." Allah said, "Then bear witness, and I too am a Witness."} [Aal-i-'Imran: 83]

And He, the Exalted, also says: {Whoever seeks a way other than Islam, it will never be accepted from them, and in the Hereafter they will be among the losers} [Aal-i-'Imran: 85]

These are the Taghuti scholars with whose help the Pakistan army and intelligence defeated and over-powered the mujahidin. They sold the lives and honor of the Arab and Ajam mujahidin to the infidels in the pretext of religion, and they are even proud of that, and if it was not for murtadd Fazlur Rahman, then General Raheel Sharif and the murtadd army could not have killed the mujahidin.

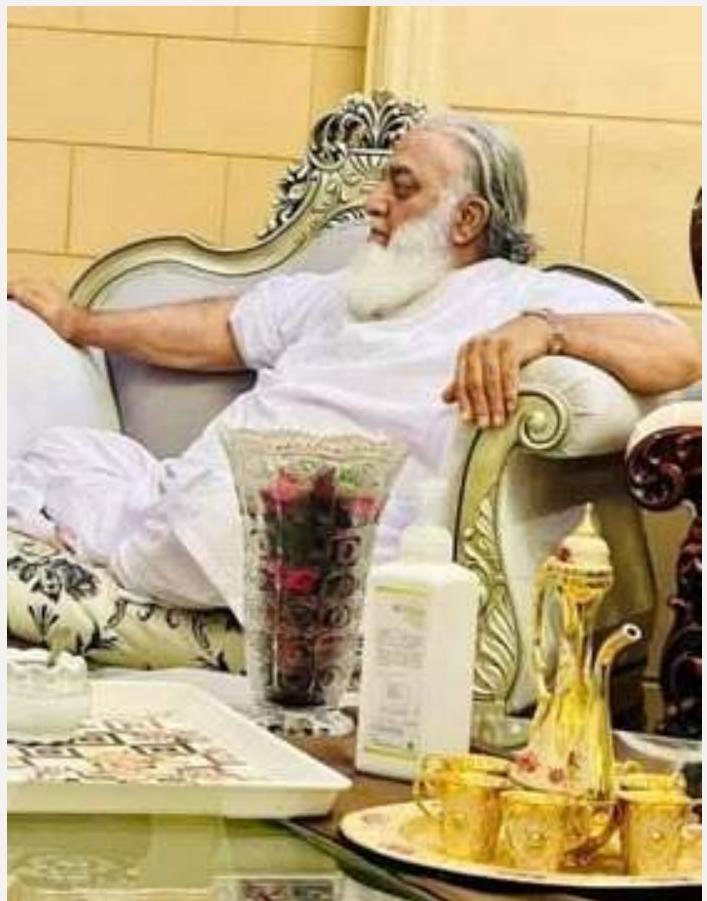

**Maulawi Fazlur Rahman also participated in the legitimization of drone strikes in Pakistan.**

Mothers don't give birth to sons like Mawla Fazlur Rahman every day. He is more valuable than Qadhafi, Mullah Umar, Benazir Bhutto, and Nawaz Sharif. If Mawla were not there, General Rahel and Pak forces would not be able to eliminate terrorists (Muslims). If it were no for the contribution of General Rahel Sharif and Qamar Javed Bajwa, the people of Pakistan wouldn't have got rid of Pashtun terrorists. The life of Mawla Fazlur Rahman is concerned about justice from the very beginning. Saber Shaker said: The establishment (Pak army) Jam'i'at al-Ulama Islam will be run by Mawla Sherani. This is because Sherani was in favor of submitting to Israel. Saber Shaker was inflicting harm on the (Pakistani) forces.

Helping kuffar and murtaddin against Muslims, spying against Muslims and killing them for worldly benefits is a nullifier of Islam according to

the consensus of 'Ulama. And these are the people who abandoned their religion for the sake of their worldly paradise, containing drinks, kebabs, and illicit relations with women, as they took leaders of infidelity as their partners.

And this Fazlur Rahman is the one who supported China in its massacring the Uyghur Muslims whom

he deems terrorists, as he congratulated the Chinese infidels on robbing the wealth and honor of the Uyghur Muslims and persecuting them, and we seek refuge in Allah from such evil.

This is just a handful of the disbelief and crimes committed by Fazlur Rahman and his partners. Even a complete book can be written on their kufr and hypocrisy, but the context of this magazine is too limited to describe their crimes against the Islamic Ummah in details.

Surprisingly, thousands of evil scholars are speechless at the audacity of this scoundrel (Fazlur Rahman) against Islam, while they even consider him a leader of the Islamic Ummah.

Alas! Where did the intelligence and knowledge of these people go?

It is not only Fazlur Rahman, and there is no shortage of such evil servants of the disbelievers in Pakistan, and the list includes like Shah Shuja, Shirani, Sajid Mir, Sirajul Haq and other secular clerics and servants of the infidels. And all of them are tactfully managed and feed by the murtadd army and its intelligence in Pakistan.

Sajid Mir is also a great Taghut who calls himself a Salafi Muslim, but participates in the democratic system whose kufr is beyond dispute among the

scholars of the nation. After winning election and gaining seat in the Taghuti parliament, he feels no shy to claim his right in the pulpit of Islam and to issue fatwas against the people of Deoband and the Barelavies, forgetting that he himself has been an employee of staunch Barelvi Nawaz Sharif for the last 25 years, although his beard turned grey, as he is in his 80s!

Today, we ask him, "How did you accept the leadership of a Barelvi mushrik? How do you claim Tawheed when you are a member of the secular republican system? Instead of calling people towards the Shari'ah of Allah, you are calling them towards the slavery to the servants!

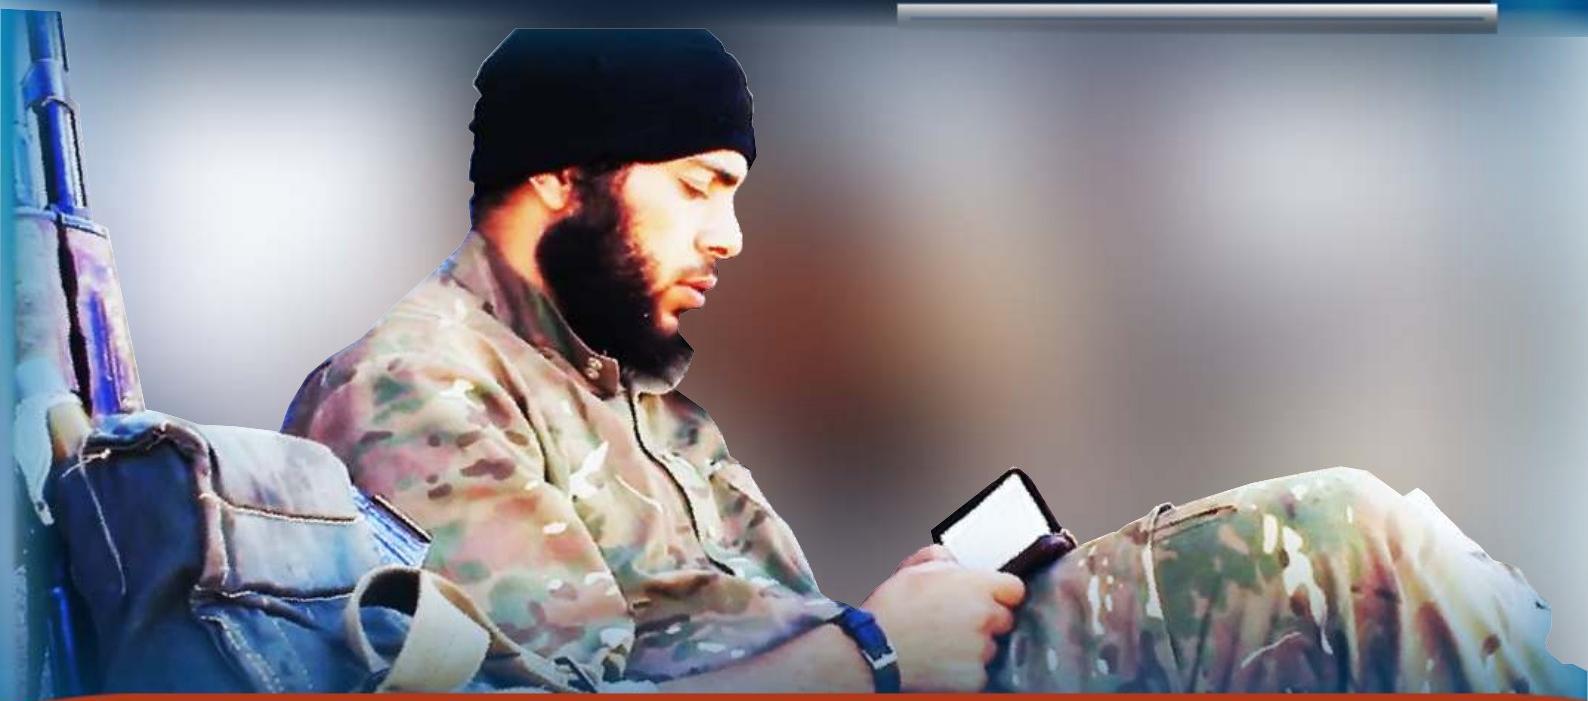

However, this matter seems trivial to you that Nawaz Sharif's daughter sat with you and Fazlur Rahman side by side, raising questions about your stance regarding the prohibition of free-mixing of non-mahram men and women in Islam.
